

# SCHOOL ACCOUNTABILITY REPORT CARDS

## SARCBUILDER™

SARC Creation Made Simple

SARCBUILDER™ is a web-based tool for simple School Accountability Report Card (SARC) creation. With SARCBUILDER™ your district can create professional looking web-based SARCs with ease. Best of all, your SARCs will be regularly updated with the most current demographic and assessment data available. SARCBUILDER™'s integrated SARC guide will guarantee compliance with state and federal requirements.

### Features:

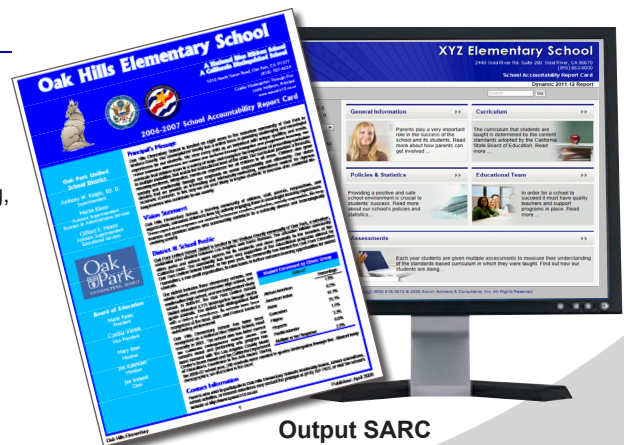

- Web-based, user-friendly interface for simple SARC creation from Axiom templates
- Guided SARC production tips for completing narrative and data entry sections
- Templates auto-fill with most current CALPADS, STAR, and API data available
- Grade level STAR data (state's template displays school level)
- Integrated SARC requirement guide guarantees 100% state & federal compliance
- Date stamps embedded in all sections to easily identify date of last revise
- Easily customizable with district/school logos & colors
- One-page printable Summary Report Card

Input text & data

### Web SARC Features:

- Dynamic user-friendly "Portal-Style" SARC
- Displays most current CALPADS, STAR and API data
- Live links to CALPADS, STAR, API and other school resources
- Built-in text search tool
- Template text available in Spanish, Vietnamese, Chinese, Hmong, Korean, and Tagalog

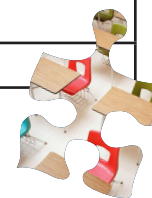

Output SARC

**Priced at \$300 per school site!**
