CLIENT ENDORSEMENTS

“Axiom is a life-saver! Their service is great and the time I spent was kept to a minimum. We have received many compliments from our parents about our SARC. Axiom is a real asset to us.”

Santa Paula Elementary School District

“Axiom Advisors has assisted our school district in providing a highly professional looking School Accountability Report Card to our community in a short amount of time with the least amount of interference in the time schedules of our school site administrators.”

Imperial Unified School District

“The process is painless and the results are great!”

King City Joint Union High School District

“I appreciate the professionalism, guidance and the efficiency of the people at Axiom. Thank you for making my job easier!”

EI Centro Elementary School District

“Axiom has been invaluable to us! As a small school district we don't possess the personnel resources to produce a School Accountability Report Card that complies with all the legal requirements. For that reason, we depend on Axiom. This is the second year that we have contracted their services. They're knowledgeable, friendly, and prompt. I expect our relationship to continue for years to come.”

Kit Carson Union School District

“We have used the expertise of Axiom for the past 4 years to create our district's SARC. Working with their representatives has been a pleasure; they simplify the process for data gathering, work efficiently and thoroughly to make sure all reportable information is accurate. The turn around time for a finished product from initial interviews to draft to delivered product is great. Our parents and staff enjoy reading such a professional publication. Thank you for making our lives easier!”

Buellton Union School District

“This is a wonderful way to share the accomplishments of the school.”

Westminster Elementary School District

“The final document looks very professional and is well done!”

Del Paso Heights Elementary School District

“Having Axiom take care of this yearly task is such a huge relief to myself and our district. Your professionalism and personal touch to all our needs is greatly appreciated. I highly recommend your service to any principal without any hesitation.”

Woodland Joint Unified

“Your company saved us a considerable amount of time. It would be impossible, as a site principal, to complete our SARC and have the level of quality which your company provides. I am especially interested in viewing the CTE piece of the report as this is the first year we have completed that section.”

Woodland Joint Unified

“Using Axiom to complete the ever changing mandates for the SARC is wonderful. They do a professional job and do it in a very timely manner. They are available by phone or email to answer all questions and make the collection of data at your end easy. Using Axiom is money well spent!”

Santa Barbara Co. Off. of Education

“I am so glad I don't have to collect all of the data and create the format of the SARC. Administrators have so much to do that pulls them away from being in classrooms. I appreciate that someone else creates our SARC and that it looks very professional! Thanks.”

Porterville Unified

“Axiom saves us a lot of time producing the SARC.”

Oak Park Unified
