Principal's Message

Welcome to California High School, a 2005 California Distinguished School and 2006 National Blue Ribbon School, where students, teachers, administrators, support personnel, and parents are dedicated to academic excellence. Since 1973 our school has taken pride in providing a well-rounded and rigorous academic program that is designed to meet the challenges of the future.

Our commitment to a standards-based academic program is reflected in a strong college preparatory program, which includes many honors and Advanced Placement courses. Students also have the opportunity to take accelerated classes at the University of California, Berkeley, Diablo Valley College, and Los Positas College.

As a comprehensive high school, California High School also offers courses in technology (including robotic's), art, business, choral and instrumental music, drama and physical education. We also encourage students to explore the courses offered at California High School by our Regional Occupation Program.

A well-rounded high school experience includes active participation in co-curricular activities. Again, we encourage students to become involved in our athletic programs, academic competitions, student clubs, student government, and visual and performing arts programs.

Parents are invited to join a parent club/organization that support our school's academic and extracurricular programs. We have PTSA, Academic Boosters, Athletic Boosters, Choral Music Boosters, Drama Boosters, and the instrumental Music Boosters. Each of these organizations provides financial support for our students and teachers.

Our staff and community are committed to providing a safe and positive environment that promotes respect, productivity, and active participation in school activities. The administration and counseling department is student oriented. If you experience problems or simply want to talk, we encourage you to visit our offices.

Set high standards for yourself, work hard, and be proud that you achieved your goals at California High School.

Mark Corti, Principal

Mission Statement

The mission of California High School is to provide a rigorous and challenging academic environment, to develop skills and confidence for academic and professional success, and to encourage intellectual, artistic, and personal exploration and growth. Students, staff, and the community collaborate in continuing support of life-long learning, well-being, and mutual respect, empowering all students to be productive, ethical, compassionate participants in their own futures.

School Profile

California High School, established in 1973, is one of four comprehensive 9-12 schools in the San Ramon Valley. It serves the rapidly growing community of San Ramon. In 2007, California High School was granted a full six-year accreditation by Western Association of Schools and Colleges (W.A.S.C.), and was recently named a California Distinguished school and a National Blue Ribbon School by the U.S. Department of Education.

Discipline & Climate for Learning

Students at California High are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of the California High School discipline program is to provide a safe environment that fosters student learning.

Parents and students are informed of school rules and discipline policies through the Parent/Student handbook (Grizzly Guide), Bear Facts, Website and Lyris emails. The administrative staff highlights important discipline and procedural information in classrooms at the beginning of the year.

The Suspensions and Expulsions table illustrates total cases for the last three years, as well as a percentage of enrollment. Suspensions are expressed in terms of total infractions, not number of students suspended, as some students may have been suspended on multiple occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

Suspensions & Expulsions

Expulsions	1	1	2	10	5	10
Expulsion Rate	0.04%	0.04%	0.08%	0.15%	0.07%	0.14%

Students are encouraged to participate in the school's additional academic and extracurricular activities, which are an integral part of the educational program. These schoolwide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems.

Extracurricular activities, clubs, and programs include: (enter list). The school's interscholastic athletic programs promote individual and team-oriented achievement and self-esteem through school-sponsored teams that compete with other schools in the area. Athletic programs include: Cross Country, Football, Tennis, Volleyball, Water Polo, Golf, Cheerleading, Basketball, Soccer, Wrestling, Baseball, Softball, Swimming/Diving, Track and Lacrosse.

The School recognizes and celebrates the achievements and successes of students and staff on a regular basis. Students are recognized for their achievements during awards assemblies, at variety of community events, and by their classroom teachers.

Class Size

Average class sizes vary by grade level and subject area taught. In addition to credentialed teachers, students may receive assistance in the classroom from other paraprofessionals. The type of "para" differs from site to site, depending on grade level, need, funding and staff discretion. The table indicates the average class size by grade level or subject area, as well as the number of classes offered in reference to their enrollment.

Enrollment By Grade

School districts receive financial support from the state for the education of the students they serve based on how many students attend each day.

Most importantly, students who attend school on a regular basis and are on time are more likely to be academically successful. Attendance and punctuality are emphasized so that the continuity of the educational program can be maintained. Our staff carefully monitors student attendance to identify those students exhibiting excessive absences and offers assistance when necessary.

The total 2005/2006 enrollment at California High School was 2505. This chart illustrates the enrollment trend by grade level for the past 3 school years.

Instructional Materials

Standards-aligned and Board of Education-approved textbooks and instructional materials are available to all students including English learners to use in the classroom and to take home to complete required homework assignments. SRVUSD curriculum adoptions are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education in the following areas: reading/language arts; mathematics; science, including grades 9-12 science laboratory equipment; history/social science; and world languages. Health curriculum was adopted in 2006, and the Social Studies curriculum in 2007. Science adoptions will be implemented in the fall of 2008 with math adoption in classrooms the following year.

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located in the cities of Danville and San Ramon, or any of the Contra Costa County libraries, all of which contain numerous computer workstations. (The Walnut Creek Library is under demolition/construction.)

Science Lab Equipment

The school stocks an adequate supply of equipment for its students. Inventory includes, but is not limited to: microscopes, slides, ring stands, clamps, support rings, utility clamps, test tubes, test tube holders and brushes, tongs, flasks, beakers, and Bunsen burners. For more information, please call the school office.

Curriculum Development

An embedded shared decision making model including Administration, Curriculum Leaders, Certified & Classified Staff, parents and students. The School Site Council (SSC), composed of four parents, four students, five teachers, one non-classroom certificated staff member, one administrator, and one classified staff member, directs the school improvement efforts, develops and monitors the Single Plan for Student Achievement, and authorizes expenditures for school wide professional development. The SSC monitors and identifies areas of instructional need before distributing School Improvement Program (SIP) funds.

PTSA, Academic, Athletic, Instrumental Music, Choral and Drama Booster Club groups set goals and participate in site decisions during monthly meetings with the administrative team and staff. Site-based job descriptions for each administrator clearly identify responsibilities and insure community involvement with the City of San Ramon, the Business Roundtable, and CASA (Community Against Substance Abuse). Administrators and staff members serve on district, athletic league, and site committees and are active in their own professional organizations.

Dropout & Graduation Rates

California High believes effective instruction consists of the continuous building of new concepts upon existing ones through dynamic instructional delivery strategies (including technology). Daily attendance and participation are imperative to student academic success. In hopes of preventing and reducing dropouts, the following programs are made available to students: before, during and after-school intervention, course selection, counseling support, and a new tutorial program.

Graduation & Dropout Rates			
	03-04	04-05	05-06
Dropout Rate	0.31%	0.25%	0.40%
Graduation Rate	99.50%	99.20%	98.50%

College Entrance Info

California high school students have two options for attending 4-year public universities in the State: Universities of California (UC), or California State Universities (CSU). There are eight UC campuses statewide, and 28 CSU schools. A college preparatory high school program includes a minimum of the following courses, referred to as the "A-G requirements."

- A: Two years of history/social science
- B: Four years of English
- C: Three years of college preparatory mathematics (Four recommended for UC)
- D: Two years of laboratory science (Three recommended for UC)
- E: Two years of a single language other than English (Three recommended for UC)
- F: One year of visual/performing arts
- G: One year of a college preparatory elective in one of the above subjects

All courses must be completed with a grade of "C" or better. The minimum GPA required for admission to a UC is 3.15, and 2.0 for the CSU system. For more information about admissions to UC schools, please visit www.ucop.edu/pathways. To prepare for entrance to a CSU school, visit www.csumentor.edu.

For students not ready for a 4-year university, California has a very good community college program. For information regarding entrance into the California Community College system, please visit <http://www.collegebound.net>.

Advanced Placement Classes

California High encourages students to continue their education past high school. California High offers Advanced Placement (AP) courses for those students seeking to qualify for college credit. Juniors and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges. During the 2006-07, 756 students participated in taking the exams. Of these students, 525 students scored a "3" or better (69%).

UC/CSU Course Completion

Students at California High are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2005-06 school year in the 12th grade, the table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>.

California High School Exit Exam (CAHSEE)

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the Federal No Child Left Behind (NCLB) law. The CAHSEE has an English language-arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement.

The first table displays the percent of students achieving at the Proficient or Advanced level for the past three years. The second table displays the percent of students, by group, achieving at each performance level in English language-arts and math separately for the most recent testing period.

Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal.

The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff.

Students would also be allowed to transfer to schools (within their district) that have met their AYP's, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Adequate Yearly Progress (AYP)

Made AYP Overall	School		District

Met AYP Criteria	Yes	Yes	Yes	Yes
Participation Rate	Yes	Yes	Yes	Yes
Percent Proficient	Yes	Yes	Yes	Yes

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics.

Only numerically significant subgroups for each reporting period are required to be presented in this report card. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 15% of the school population tested and contains at least 50 students with valid scores.

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

The San Ramon Valley Unified School District has no schools in Program Improvement.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, Social Science, Science, for the most recent three-year period, is shown. Summative scores are not available for Math (grades 8-11), Science (available for grades 5 and 8 only), and grade 9 Social Science. For results on course specific tests, please see <http://star.cde.ca.gov>.

Physical Fitness

In the spring of each year, high schools in our district are required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

School Facilities

California High School opened in 1973, and is included in the district maintenance schedule for major repairs such as carpeting, roofing, lighting, etc.

The district's maintenance crew works closely with the school administration to ensure that emergency repairs as well as routine repairs are done in a timely fashion.

The San Ramon Valley Unified School District continues to share a financial partnership with the City of San Ramon. California High School has benefited from this partnership through the enhancement of the following facilities:

- All-weather track
- Expansion of the Aquatics Center
- Stadium restrooms
- 6 tennis courts

The San Ramon Valley Unified School District along with the Athletic Boosters has installed an all-weather turf field.

Measure D funding has also provided the following additional improvements:

- New 2-story, 10-classroom building
- Expanded telephone system
- Enhanced lighting
- New carpeting
- Expanded Public Address system
- New windows

Measure A, passed in 2004, PHASE I: provided a 3-story, 63-classroom building, and a new Library (completed); PHASE II: Career Technology building, Student Quad area, Fine & Applied Arts building, and new Counseling Office to be completed in 2008; PHASE III: Career Center, renovation of the Gymnasium, and Theater, and a new auxiliary Gymnasium to be completed in 2010.

For the 2006-07 school year the district allocated \$2,620,727 for the district-wide deferred maintenance program. This represents 1.3% of the district's general fund budget. During the 2006-07 school year, the SRVUSD governing board did approve \$158,889 in deferred maintenance projects for the school, which included extensive asphalt repair, storefront window upgrade, HVAC replacement, and light controls.

Visitors to the campus are required to check in at the office. A nurse is on duty one day a week. The school safety plan is updated annually. Emergency drills in conjunction with the San Ramon Police Department and the San Ramon Valley Fire Protection District are done annually. A School Resource Officer is on staff and works full time at California High. We have one campus supervisor and 1.5 campus monitors. A student support counselor also contributes to school safety. A new Safe School Ambassador program has been implemented to address individual student safety needs.

Safe School Plan

California High School has long established procedures that help assure a safe and orderly campus for students. The campus is closed to freshmen, sophomore and junior students.

Teacher Assignment

San Ramon Valley Unified recruits and employs the most qualified credentialed teachers. For the 2006-07 school year, California High had 111 fully credentialed teachers who met all credential requirements in accordance with State of California guidelines.

	Teacher Credential Status			
	School			District
	04-05	05-06	06-07	06-07
Fully Credentialed	103	106	111	1214

Staff Development

California High School, under its Single Plan for Student Achievement, plans three days of professional development. Activities have been based on themes found in the school plan, written by staff, students, and parents, and adopted by the School Site Council as California High School's instructional improvements program. The goals of the school plan address increased proficiency for all students. During our adjusted schedule on Mondays, professional development takes place during Staff, Department, Focus Group, and Collaboration meetings.

Substitute Teachers

Each teacher is responsible for contacting the substitute service when he/she is absent. The district has a substitute handbook, and the regular classroom teacher provides daily lesson plans. The district has made a significant effort to reduce the amount of time students are served by a substitute. At the same time, the district recognizes that there are many occasions when a substitute is necessary and has taken steps to insure an adequate pool of well-qualified substitutes is available.

Counseling & Support Staff

It is the goal of California High to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. **The counselor to pupil ratio is 1:481.**

The table lists the support service personnel available at California High.
