Governing Board Members

During the 2014-15 the Kingsburg Joint Union High School District was governed by the following Board of Education Members:

- Mr. Rick Jackson - President
- Mr. Mike Serpa - Clerk
- Mr. Brent Lunde - Member
- Mr. Johnie Thomsen - Member
- Mr. Steve Nagle - Member

SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA websites.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

Mission Statement

We believe that education is the process that society uses to prepare its citizenry to be productive, valued, and cooperative participants. This process is designed to establish attitudes, values, knowledge and skills that enable students to become positive influences in our world community.

We Value:

- Strengthening reading, speaking thinking, writing and computational skills.
- Providing the opportunity for each student to reach his/her maximum potential.
- Guiding students to develop a values system based on honesty, dignity and respect for others.
- Encouraging students to develop qualities of responsible citizenship, which include service to community.
- Preparing students in problem-solving and goal-setting to cope with a variety of real life situations.
- Providing enrichment in the fine arts and humanities for lifelong enjoyment.
- Strengthening the students' awareness and commitment to cultural diversity.
- Promoting an environment that fosters self-esteem, self-respect and self-direction.
- Helping students to develop lifestyles of mental and physical wellness.
- Providing skills that enhance preparation to adjust to a rapidly changing technological world.
- Supporting students in the development of vocational talents to enter the world of work.
- Providing co-curricular programs which allow students to grow through competition and participation in special interests.
- Providing a safe and caring campus environment for each individual.

School Profile (School Year 2014-15)

Kingsburg High School is one of three high schools, and the only comprehensive high school in the Kingsburg Joint Union High School District. Curriculum is focused on the California Standards in each content area. We also have many electives and vocational education classes. The emphasis for daily instruction is on the California Content standards, but we strive to not lose sight of the need to educate students holistically and offer enrichment and career education opportunities.

The school supports cultural awareness in many ways that include, but are not limited to: reading culturally diverse literature selections in English classes, the study of cultures, histories and influences in World History, the study of foreign languages, and our art department studies many cultural influences in world art. We also have a Multicultural Club.

During the 2013-14 school year approximately 1,100 students were enrolled at the school, with classes arranged on a daily block schedule and with a traditional school calendar.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Highly Qualified Teachers (School Year 2013-14)

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified". Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. For more information, see the CDE Improving Teacher and Principal Quality Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>.

Note: High-poverty schools have student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools have student eligibility of approximately 39 percent or less.

Fully Credentialed	49	48	49	49
Without Full Credentials	1	1	2	2
Working Outside Subject	0	0	0	0

Misassignments refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire semester or year.

Science Lab Equipment

The school stocks an adequate supply of equipment for its students. Inventory includes, but is not limited to: microscopes, slides, ring stands, clamps, support rings, utility clamps, test tubes, test tube holders and brushes, tongs, flasks, beakers, and Bunsen burners. For more information, please call the school office.

Instructional Materials (School Year 2014-15)

Kingsburg Joint Union High District held a public hearing on September 8, 2014, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in January 2015 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facilities (School Year 2014-15)

Kingsburg High School has undergone major improvements in its facilities due to community support for over 20 million dollars worth of bonds in recent years. Our academic and extra curricular facilities have all been upgraded or received completely new buildings or complexes. KHS has facilities that are second to none in the valley. Some of the academic improvements include a new: agriculture and arts building, science building, library media center, music wing and we have added a state of the art infrastructure for technology district-wide. Some of our extra curricular improvements include a new football/track/soccer stadium and softball complex. We have modernized our theater and old gymnasium. A new gym was completed in 2000. We have added seating to our tennis court complex and have made improvements to our baseball complex.

Every effort is made to meet all the demands of a multitude of co-curricular opportunities for students and to update and maintain a campus that is safe, clean and aesthetically pleasing. We are very proud of our shared community and school swimming pool. The entire community uses it widely and it allows for the opportunity for our students to enjoy water sports and learn water safety.

Clean School Processes:

The superintendent, principal, and head of operations work daily with our utility staff of eleven full-time employees to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and that highest priority is given to emergency repairs. We have a dedicated staff that takes pride in their excellent work. While reviewing this report, please note that even minor discrepancies are reported in the inspection process and are quickly resolved.

Deferred Maintenance Budget:

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its predecessor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

Note: For 2014 and subsequent years, the statewide and similar schools ranks will no longer be produced.

The table displays the school's API ranks and actual API point changes by student group for the past three years.

Physical Fitness (School Year 2013-14)

In the spring of each year, each school is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

California Assessment of Student Performance and Progress/Standardized Testing and Reporting Results

California EC Section 60640 authorized the replacement of the Standardized Testing and Reporting (STAR) Program with a new assessment program, referred to as the CAASPP. On March 7, 2014, the U.S Department of Education (ED) approved California's waiver request for flexibility in assessment and accountability provisions of Title I of the Elementary and Secondary Education Act (ESEA). Science assessments include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The first table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in science (for grades 5, 8, and 10), for the most recent three-year period.

UC/CSU Course Completion

Students at Kingsburg High are encouraged to take University of California/California State University (UC/CSU) A to G preparatory courses in order to provide them with the option to attend a four-year university. All students must pass each course with a grade no lower than a 'C'. It is our goal to ensure that all students have as many post secondary options as possible and by insisting on a rigorous curriculum for all students hope to increase each students options upon high school graduation.

To view the Kingsburg High School courses that are on the UC/CSU A-G list you may log on to www.ucop.edu/doorways/list

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards).

The table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in English/language arts, mathematics, and social science, for the most recent three-year period. NOTE: CST was last administered in 2012-13.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Career Technical Education (CTE) Programs (School Year 2013-14)

The career planning program prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Instructors at our school have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Advisors/Guidance Counselors offer additional support through various programs, including our our-year career education curriculum provided by our College and Career Center technician expert.

California High School Exit Examination (CAHSEE) Results for All Grade Ten Students (School Year 2013-14)

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the Federal No Child Left Behind (NCLB) law. The CAHSEE has an English language/ arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement.

The first table displays the percent of students achieving at the Proficient or Advanced level for the past three years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school-site.

Parent Involvement (School Year 2014-15)

Kingsburg High School gratefully accepts time donated by volunteers in many areas of the school. All volunteers must be approved by the Board of Trustees and if they will be in a situation where they will be alone with students, they must be fingerprinted through the Department of Justice.

- The office uses parent volunteers every morning with most parents volunteering 1 to 2 hours each week.
- The Library/Media Center welcomes parent volunteers.
- Many parents volunteer their time to drive students to various events such as sporting events, music events, etc.
- During field trips, especially overnight field trips, parent chaperons accompany the group.

Many parents and community groups volunteer to help us maintain and improve our athletic facilities and fields. Parents also volunteer to serve on our Site Council, Curriculum Council, and advisory groups.

Kingsburg High School is also fortunate to have many booster groups that support programs such as: music, drama, agriculture, and athletics.

The staff and students are blessed to have the level of involvement and support from our parents and our community as a whole.

Contact Information

We believe that it is so important for parents and community to be involved in our school and we hope that you will become active in our booster or advisory groups. We also hope you will attend our many events. Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Lupe Cordova at Kingsburg High School at 897-5156.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout & Graduation Rates (Four-Year Cohort Rate)

Kingsburg High believes that effective instruction consists of the continuous building of new concepts upon existing ones and requires regular attendance and participation. In hopes of preventing and reducing dropouts, the following programs are made available to students: academic and personal counseling, academic interventions. We also offer flexibility for students to earn a diploma through one of our three programs: Continuation High School, Independent Study Program, and Adult Education.

Graduation & Dropout Rates			
	10-11	11-12	12-13
Dropout Rate	3.7%	2.4%	0.8%
Graduation Rate	93.4%	97.1%	98.4%

Completion of High School Graduation Requirements - Class of 2013

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs> Note: "N/A" means that the student group is not numerically significant.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Discipline & Climate for Learning

Students at Kingsburg High are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of Kingsburg High School's discipline program is to provide an environment that is safe and conducive to learning. Parents and students are informed of school rules and discipline policies through the Student Handbook which is given to each student at the beginning of the school year.

Starting SY 2013-2014, the staff of KHS is being trained to implement Positive Behavior Intervention System (PBIS) and restorative Justice to teach students how to problem solve and resolve conflict in interpersonal relationships, both personal and professional. This skill set is invaluable as students prepare for their adult lives.

The table displays the suspensions and expulsions figures for the school and district, as well as the percentage of total enrollment (number of students suspended divided by total enrollment). Expulsions occur only when required by law or when all other alternatives have been exhausted.

The three-year suspension statewide rates for comparison are as follows:

2011-12: 5.7%
 2012-13: 5.1%
 2013-14: 4.4%

The statewide expulsion rate has been 0.1% for each of the last three years.

	Suspensions & Expulsions					
	School			District		
	11-12	12-13	13-14	11-12	12-13	13-14
Suspensions	130	66	90	194	100	155
Suspension Rate	12.1%	6.0%	8.1%	16.8%	8.4%	12.9%
Expulsions	16	20	25	29	24	31
Expulsion Rate	1.5%	1.8%	2.2%	2.5%	2.0%	2.6%

Safe School Plan (School Year 2014-15)

The safety of students and staff is of utmost importance for Kingsburg High School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Safety Plan is reviewed and updated annually. The school's disaster preparedness plan includes steps for ensuring the safety of students and staff during a disaster. Fire, lock down and disaster drills are conducted annually. Students are supervised before and after school, during break and lunch by administrative staff. There are areas for student drop off and pick up. Visitors must report to the office and be issued a visitor's pass in order to be on campus during school hours.

School discipline procedures and expectations are outlined in a student handbook provided to all students and studied in detail by each 9th grade student. The handbook is also available on our web site. Additionally, every teacher provides students with their classroom expectations and grading procedures in writing at the beginning of each school year.

Kingsburg High School uses a four-step assertive discipline procedure to help students become responsible for attendance, tardies, and minor classroom infractions. It is the philosophy of this school's board, administration, and staff that we will ensure that each student enjoys maximum learning opportunities in a positive and safe learning environment and that he/she does not interfere with the learning opportunities of others.

The Safe School Plan is updated and reviewed with all staff each year. Security cameras have been placed throughout our campus to support our efforts to provide for maximum student and staff safety.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Adequate Yearly Progress (School Year 2013-14)

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Met AYP Criteria	Adequate Yearly Progress (AYP)			
	School		District	
	English - Language Arts	Mathematics	English - Language Arts	Mathematics
Made AYP Overall	No		No	
Participation Rate	Yes	Yes	Yes	Yes
Percent Proficient	No	No	No	No
API School Results	N/A		N/A	
Graduation Rate	Yes		Yes	

Federal Intervention Program (School Year 2014-15)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Advanced Placement Classes (School Year 2013-14)

Kingsburg High encourages students to continue their education past high school. We offer Advanced Placement (AP) courses for those students seeking to qualify for college credit. In 2013-14 Kingsburg High School offered 11 sections of AP opportunities for students including English Language, Literature, World History, Environmental Science, Chemistry, Calculus, and Studio Art. Students achieving a score of 3, 4, or 5 on the final AP exams qualify for college credit at most of the nation's colleges and universities.

Counseling & Support Staff (School Year 2013-14)

It is the goal of the Kingsburg High School counseling staff to provide academic guidance that maximizes each student's efforts towards high school graduation and helps to offer them multiple post secondary options. The College and Career Center is a vital part of student experience at Kingsburg High School and fully 95% of the students have had occasion to use this resource at least once a year. In addition, the counseling staff supports students in their social and personal development. Every effort is made to give special attention to students who experience: academic difficulties, coping issues with personal problems, and trouble with decision making or in handling peer pressure.

The counseling staff also does crisis intervention in collaboration with other agencies as needed.

Marlene Pavlina - Head Counselor

Heather Apgar - Counselor

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Staff Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then sharing their experiences and knowledge with district colleagues. The district dedicated 30 days to staff development annually for the past three years. Topics for staff development included: differentiated instruction, the use of data to inform instruction, increasing parent communication, and utilizing research based instructional strategies across all curricular areas. The district dedicates three full days and four "foggy in-service" days to staff development annually.

Extra Curricular Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities, which are an integral part of the educational program. These school-wide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. Extracurricular activities, clubs, and programs include but are not limited to:

- 20 varsity boys and girls athletic programs;
- 14 Academic and activity-based clubs;
- Music, Choir, and theater productions;
- National Future Farmers of America (FFA);

The school's interscholastic athletic programs promote individual and team-oriented achievement and self-esteem through school-sponsored teams that compete with other schools in the area. KHS recognizes and celebrates the achievements and successes of students and staff on a regular basis. Students are recognized for their achievements during the school year by posting their successes on the marquee in front of the school, sports awards nights, announcements and articles in the local Kingsburg newspapers as well as the school newspaper, reading their names in the daily bulletin, and senior awards night.

Our community and school supports student achievement with tremendous generosity in the way of scholarships for our seniors each year. In 2013-14, approximately \$250,000 was given to students so that they could pursue their dreams of post secondary education and opportunities.
