School Accountability Report Card

Student Enrollment

Ballico Elementary is one of two elementary schools in the Ballico-Cressey School District. Ballico School has developed and provides its students with a comprehensive, standards aligned, quality educational program that is sustained with parent and community support.

It is our commitment to provide a systematic educational program in all academic areas. Curriculum is standards based and differentiated to meet the individual needs of all our students. We provide a learning environment that promotes positive self-esteem and stimulates academic achievement and enthusiasm for learning. Instruction and learning activities are provided which help students understand and respect cultural diversity and individual differences.

Ballico School is a traditionally calendared school serving students in fourth through eighth grade set in the rural agricultural community of Ballico which is nestled in the heart of the San Joaquin Valley. Multi-cultural and linguistic diversity are hallmarks in Ballico's student population which is reflective of the various cultures and society of the Ballico School District.

Discipline

Students at Ballico Elementary are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of Ballico Elementary discipline program is to foster a learning environment which reinforces the concepts of self-discipline and the acceptance of personal responsibility. Parents and students are informed of school rules and discipline policies through the Parent/Student handbook which is sent home at the beginning of the school year.

The Suspensions and Expulsions table illustrates total cases for the last three years, as well as a percentage of enrollment. Suspensions are expressed in terms of total infractions, not number of students suspended, as some students may have been suspended on multiple occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

Students are encouraged to participate in the school's additional academic and extracurricular activities, which are an integral part of the educational program. These schoolwide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. Extracurricular activities, clubs, and programs include: Merit trips, Accelerated Reading Awards, California Junior Scholastic Federation (CJSF), Student Council, Honor Roll and Effort Roll.

The school's interscholastic athletic programs promote individual and team-oriented achievement and self-esteem through school-sponsored teams that compete with other schools in the area. Athletic programs include: Co-ed Soccer, Volley Ball, Basketball, Softball and Baseball.

Ballico School recognizes and celebrates the achievements and successes of students and staff on a regular basis. Students are recognized for their achievements during awards assemblies.

Parent Involvement

Ballico Elementary greatly benefits from its supportive parents who give generously of their time and money. The school has a strong base of parent volunteers who volunteer on a regular basis. Parents are also welcome to join the Ballico-Cressey Booster Club and other advisory committees. The school also sponsors assemblies, performances, and community functions.

Parent and Community Involvement

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Ballico Elementary at (209) 632-5371.

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal.

The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.

- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Schools and districts receiving Federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, Social Science, Science, for the most recent three-year period, is shown. Summative scores are not available for Math (grades 8-11), Science (available for grades 5 and 8 only), and grade 9 Social Science. For results on course specific tests, please see <http://star.cde.ca.gov>.

In the spring of each year, Ballico Elementary is required by the state to administer a physical fitness test to all students in grades five and seven. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. *8 i Y`hc`h\Y` a cXYfUhY` b i a VYf` cZ` gh i XYbhg`hYghYXz` UhYgg` gWcfYg` UfY` bch` X]gW` cgYX"*

Data within the SARC was provided by Ballico-Cressey Elementary School District, retrieved from the 2006-07 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers three staff development "buy-back" days annually where staff members are offered professional growth opportunities in curriculum, teaching strategies, and methodologies.

Ballico-Cressey Elementary held a Public Hearing on September 27, 2007, and determined that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*.

All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

All curriculum development in the Ballico-Cressey School District is based on the California State Content Standards and Frameworks. Curriculum guides are updated regularly by the Director of Curriculum and Instruction and the Superintendent, to align with the state standards, district goals, and the statewide assessment program. The Ballico-Cressey School sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support instructional programs.

Ballico School ensures that each student has adequate and current textbooks to assist them in learning in the core curriculum areas including:

- Reading/Language Arts
- Mathematics
- Science
- History-Social Science
- Health

Safety of students and staff is a primary concern of Ballico Elementary. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated in the Spring of 2007 by the School Safety Committee. All revisions were communicated to both the classified and certificated staff.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held once a year. Staff and administrators supervise students before and after school, during lunch, and break periods. There is a designated area for student drop off and pick up.

School staff members pride themselves on offering clean, safe and adequate school facilities. Ballico Elementary School offers a safe and clean learning environment.

Our custodial staff receives specialized training that allows them to perform their duties effectively and efficiently. All state and district guidelines that govern custodial tasks have been implemented and are followed in accordance with the law. In addition, the District's grounds keepers maintain the grounds and landscape features. Regular inspections are conducted to ensure a safe and clean environment for students and staff. Facilities information was current as of July 6, 2009.

Maintenance & Repair

Our facilities are kept in good condition by our maintenance and operations department. These facilities as well as all restrooms, floors, walls, roofs, plumbing and electrical systems are routinely inspected and repaired as part of our preventive maintenance program. All facilities are fully lighted, heated, air conditioned, and wired in an infrastructure with access to all rooms.

The fire alarm and safety system is inspected routinely by the school and by the local city fire department. In addition, our grounds and facilities are clean and free of litter and graffiti. Students are housed in fully equipped, modernized classrooms. Playground areas feature play equipment and groomed fields for sport play.

Deferred Maintenance Budget

The district participates in the State Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems interior or exterior painting and floor systems. The district's Deferred Maintenance Budget for the 2007-08 school year is \$15,280.

Deferred Maintenance Projects

The school board approved deferred maintenance projects for the 2007-08 school year that will result in painting, reroofing, water fountain upgrades, floor waxing, carpet cleaning, and A/C replacement.
