2007-2008 School Accountability Report Card

Principal's Message

We are proud of Schroeder Elementary School and welcome this opportunity to tell you more about us. In accordance with Proposition 98, every school in California is required to issue an annual “Accountability Report Card.” Schroeder Elementary School has an ongoing tradition of academic excellence. We celebrate all cultures and languages. The school population consists of students and staff with rich multicultural and ethnically diverse backgrounds. The students, parents, staff, and community have joined together to assure success for all students.

The staff at Schroeder Elementary School believes each child is unique and deserving of a rich educational environment. Each student has access to a rigorous core curriculum in language arts, mathematics, science, and social science. Our goal is for every student to be a reader by the end of third grade.

The hard-working staff is both skilled and dedicated to the success of our students. We are fortunate to have many experienced and knowledgeable teachers eager to make a difference for our students. We believe in a student-centered approach, which provides an atmosphere in which a child’s social, emotional, and intellectual needs are equally important. All students have special talents and are given the opportunities to develop those talents. We really care about each one of our students.

Schroeder Elementary School prides itself on involving the parents and community members in every aspect of our school. We welcome visitors on our campus for many different reasons including Back to School Night, Family Nights, Open House, our Annual Variety Show and other special events.

Schroederism: High Academic Achievement for all students.

District Mission Statement

To empower students to become lifelong learners and fulfilled, productive citizens in a changing world.

School Mission Statement

As a community of learners, our mission is to empower every student to achieve academic success; to problem solve and explore in order to become responsible, life-long learners in a global community.

Community & School Profile

Westminster School District is located 35 miles southeast of Los Angeles in the city of Westminster, California, in beautiful Orange County. Real estate opportunities, self-owned businesses, marketing companies, and a variety of private and public sector organizations enrich the local economy. The district serves grades kindergarten through eight in the Westminster area as well as the neighboring communities of Garden Grove, Huntington Beach, and Midway City. The district is comprised of six K-5 and six K-6 elementary schools, one K-8 school, and two middle schools. Total enrollment in the district for the 2007-08 school year was 9,930 students.

C. Fred Schroeder Elementary School was opened in 1967 and since then has continued to provide students in grades kindergarten through six with the necessary tools to succeed in life. The school is located in Huntington Beach one block southwest of the Westminster Mall. Schroeder Elementary School operates on a traditional calendar and had 577 students enrolled at the beginning of the 2007-08 school year. Student body demographics are indicated in the chart.

Student Enrollment by Ethnic Group	
2007-08	
	Percentage
African American	0.9%
American Indian	0.5%
Asian	20.3%
Caucasian	47.1%
Filipino	1.7%
Hispanic or Latino	16.8%
Pacific Islander	1.6%
Multiple or No Response	11.1%

Discipline & Climate for Learning

Students at Schroeder Elementary School are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. Parents and students are informed of school rules and policies at the beginning of each school year through classroom orientation and through the Discipline Program that is sent home with every student.

The district annually provides a Student Conduct Code for each of its sites, which is supplemented by a set of behavioral standards developed by Schroeder Elementary School.

The suspensions and expulsions table illustrates total cases for the school and district for all grade levels as well as the percentage of total enrollment (number of suspensions divided by total enrollment). Suspensions are expressed in terms of total infractions, not total number of students, as some students may have been suspended on several occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

Homework

At Schroeder Elementary School homework is a fundamental part of the learning process, which helps to develop basic academic and study skills as well as promote student responsibility and self-discipline.

Homework is assigned on a regular basis for all grade levels and major subject areas, and each teacher determines the appropriate measure of homework for his or her students. Students are expected to complete their homework assignments in a timely manner and to the best of their ability. Parents are encouraged to provide a supportive environment for homework activities and to be responsible for reviewing homework assignments with their child. Students may also participate in the after-school tutoring program, on an as-needed or referral basis. Students receive assistance with homework or remediation in reading and math from classroom teachers.

Recognition Programs & Extracurricular Activities

It is the desire of the Schroeder Elementary School staff to encourage positive behavior and provide incentives and attainable goals for all children. To help accomplish this aim, Schroeder Elementary offers the following recognition programs and awards:

- Happy Grams
- Students of the Month
- Student Council
- Read for Success
- Academic Awards
- Citizenship Awards
- Annual Variety Show
- Westminster Police Dept. Award
- Principal's Award
- Golden Apple Classroom Award
- Schroeder School Foundation Awards
- Westminster Elementary Leadership Administration (WELA) Award

School Attendance & Enrollment

Regular daily attendance is a priority at Schroeder Elementary School. School districts receive financial support from the state for the education of the students they serve based on how many students attend each day. Most importantly, attendance is critical to academic achievement and student attendance is carefully monitored to identify those students exhibiting excessive absences. The chart illustrates the trend in enrollment for the past three years.

Class Size

Schroeder Elementary School maintained a schoolwide average class size of 23.2 students and a pupil-to-teacher ratio of 23.6:1 for the 2007-08 school year. The pupil-to-teacher ratio varies by grade level taught. The following chart illustrates average class size by grade level as well as the number of classes offered in reference to their environment.

Class Size Reduction

In 1996, state legislature approved the implementation of the Class Size Reduction (CSR) program that provides funding to hire additional teachers to assist schools in reducing K-3 class sizes. Elementary schools within the Westminster Elementary School District participate in Class Size Reduction for grades K-2, with full-day kindergarten classes. The chart illustrates the percentage of classrooms that successfully met the CSR criteria for the past three years.

Instructional Minutes & Minimum Days

For the 2007-08 school year, Schroeder Elementary School offered 180 days of instruction, with one minimum day. Regularly scheduled shortened days are set aside for teacher collaboration. All instructional days exceeded the daily instructional minute requirements specified in the California Education Code.

Instructional Minutes By Grade Level

School Leadership

Leadership at Schroeder Elementary School is a responsibility shared between district administration, the principal, instructional staff, students, and parents. For the 2007-08 school year, Vicki Roloff served as the principal for Schroeder Elementary School. Beginning in the 2008-09 school year, Kim Breckenridge will assume the role of principal at Schroeder Elementary School. Principal Breckenridge possesses 15 years of experience in education with positions in leadership and teaching.

Schroeder Elementary School utilizes the Professional Learning Community model where teams focus on student learning and instruction. Team members meet regularly with the administration and staff to share ideas, goals, and information. The principal provides support and guidance in instructional improvement and accountability. There is on-going evaluation of student achievement and data analysis to help improve instruction for all students.

Curriculum Development

All curriculum development at Schroeder Elementary School revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels. The school's curriculum guides are updated regularly to align with the state standards, district goals, and the statewide assessment program.

Each year, the students at Schroeder Elementary School are given the Quarterly Benchmark Assessment. Guided by a Student Achievement Teacher, teachers meet at least five times annually to assess and evaluate this data, which is collected and tracked with Edusoft. This allows the teachers to track student progress, and make sure they are all able to meet the state standards.

Instructional Materials

Westminster School District held a public hearing on October 9, 2008 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. The State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the school are aligned with California State Frameworks, State Board of Education, and District Standards.

Westminster School District is actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents.

The district follows the State of California's Textbook Adoption Cycle, which requires every school site to review textbooks in each curriculum area within a seven-year cycle; textbooks are replaced at the rate of one subject area per year. The table below contains a list of the most recent textbook adoptions in core curriculum areas for K-6 elementary schools within the Westminster Elementary School District, as of October 2008. *Science Kits are the curriculum for science. Science textbooks were purchased as supplemental materials.*

Library Information

The Schroeder Elementary School library is stocked with many educational and recreational books that are available for the students to check-out. The library also contains a large collection of videos and audiotapes for classroom use that tie into curricular areas of study. Computer resources within the library are connected to the Internet so students are able to access resources and information on-line and improve their research skills. Additional resources available include an extensive professional library for teachers and staff.

Computer Resources

Computer skills and concepts provided through standard curriculum prepare students for technological growth and opportunities. Software programs used at Schroeder Elementary School include programs to develop critical thinking and technological skills. Classes are provided 30-45 minutes a week in the computer lab, which features 32 computer workstations, a SmartBoard, scanner, laser printer and instruction from a part-time Computer Instructional Aide.

A Computer Tech Center, located at Willmore Elementary School, is also available to both the students and staff of Schroeder Elementary and is staffed by a qualified Curriculum Resource Technology Teacher. The Center is equipped with PCs, speakers, microphones, printers, digital cameras, a scanner, and instructional videos.

Additional Internet Access & Public Libraries

In addition to the computers at the school, students have access to the Internet and computers at the Westminster and Garden Grove branches of the Orange County Public Library system. For library hours, branch locations, and other information please call (714) 893-5057 or visit the library's website at www.ocpl.org.

Student Achievement & Testing

Assessments of student achievement in reading, writing, and math are administered as an ongoing part of the quality instructional program. These measure students' progress as well as the effectiveness of the instructional program, and are directly tied to the state's content standards. Teams of teachers work to analyze and revise district-wide benchmark assessments to ensure compliance with state content standards. Benchmark assessments are administered to all grade levels at least three times a year in preparation for statewide STAR assessments in the spring.

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

No Child Left Behind

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal.

The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.

A "Yes" in the AYP chart means the school or district was at or above the 2008 targets for the 95% participation rate or percent proficient. "No" means the school or district was below the 95% participation rate or percent proficient.

Federal Intervention Program

After two consecutive years of failure of a particular subgroup to meet AYP goals, Title I schools become eligible for Title I Program Improvement (PI). Schools can be categorized as PI for a maximum of five years, however, a school may exit from this status after two consecutive years of success in the affected subgroup(s). There are several possible consequences for schools that do not meet the AYP standards including: curriculum changes, providing technical assistance and coaching for staff, additional tutoring and interventions for students, and transporting students requesting transfers to other schools within the district.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/language arts, math, and fifth grade science, for the most recent three-year period, is shown.

Physical Fitness

In the spring of each year, Schroeder Elementary School is required by the state to administer a Physical Fitness Test to all students in fifth grade. The Physical Fitness Test measures each student's ability to perform fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "Healthy Fitness Zone" (HFZ). For the 2007-08 school year, 35.9% of all fifth graders at Schroeder Elementary School met the standards in all six fitness areas.

Teacher Assignment

Westminster School District recruits and employs only the most qualified teachers who meet all credential requirements in the State of California. For the 2007-08 school year, Schroeder Elementary School had 26 fully credentialed teachers who met all credential requirements in accordance with State of California guidelines, as well as 12 teachers who were GATE certified. The GATE certification must be renewed annually.

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential.

Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester. For the 2008-09 school year, the most current available data are reported.

Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2005-06 school year. California was granted an extension by the U.S. Department of Education to ensure that all teachers be considered "Highly Qualified" by the end of the 2006-07 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

Contact Information

Parents who wish to participate in Schroeder Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the school's office at (714) 894-7268 or visit the school's website www.schroederpta.com for more information.

Professional Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year. The district offers two staff development days annually where teachers are offered a broad based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. Topics for kindergarten through fifth grade staff development during the 2007-08 school year included:

- DIBELS
- Open Court
- Houghton Mifflin Universal Access
- Building Academic Language Proficiency
- Math Strategies
- High Point

Staff development topics during the 2007-08 school year for grades six through eight included:

- READ 180
- Prentice Hall Science SDAIE
- Prentice Hall Math Intervention Kit
- Holt • Holt Universal Access
- 6-Minute Solution
- History/Social Science Technology Adoption Requirements
- Arts/Performing Arts Framework and Standards

Parent Involvement

Schroeder Elementary School is aware of the positive correlation between parent and community involvement and the success of students. Parents and community members are encouraged to join the teachers and district administrators in the many activities, programs, and organizations that support its students. Numerous programs and activities are enriched by the generous contributions made by the following resources:

- Washington Mutual
- GATE Program
- Parent and Community Volunteers
- Parent Teacher Association (PTA)
- School Site Council
- Reading for Success

Schroeder Elementary School encourages all parents to become involved in the school. Parent conferences, Open House, and Back to School Nights are designed to welcome parents, seek input, and answer questions. The school also has an active Parent Teacher Association (PTA). The PTA publishes a monthly newsletter to provide parents with updates on the schools programs, as well as financially supports Schroeder Elementary School's website. Parents are welcome to make an appointment with their child's teacher or principal any time.

Counseling & Support Staff

It is the goal of Schroeder Elementary to assist students in their social and personal development as well as academics. The district provides special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The school provides qualified personnel to offer counseling and support services, on a part-time and/or full-time basis. The counselor to pupil ratio is 1:577. Psychologists and counselors are devoted to helping students deal with problems and assisting them to reach positive goals.

Services are also available from Orange County Mental Health, through a referral process. The following resources are available for students at Schroeder Elementary School.

In addition to credentialed teachers, many parents volunteer in the classroom and are trained to aid with Guided Reading. The Rolling Reader program invites community members to read to students on a weekly basis.

A Gifted and Talented Education (GATE) program is available for those students that qualify, where students receive challenging supplemental instruction through differentiated instruction within their regular classroom. All second grade students are tested for the program, and placement begins in the third grade.

School Facilities

Schroeder Elementary School offers a safe and secure campus for students, staff, and visitors. The school was built in 1967 and provides up-to-date facilities and adequate space for students and staff. Schroeder Elementary School is comprised of a kindergarten area, library center, computer center, multipurpose room, and 29 classrooms. The school also enjoys a spacious playground with swings, a slide and play bars, as well as grassy fields for running, sports, and games. Recent renovations for Schroeder Elementary School include the addition of four new classrooms, a new parking lot, a student drop off lane, and a fire lane at the back of the campus.

The school's Comprehensive School Site Safety Plan is updated each fall to ensure the protection of students and staff, the school and school property, and to establish a climate that is conducive to learning. All staff members have copies of the plan and annually attend in-service days regarding school site safety policies. A key element to the school site safety plan is first aid training for all staff. Schroeder Elementary School also conducts fire or earthquake drills once per month and intruder drills once per year.

Students are supervised throughout the day by classified employees and teachers. There are designated areas for student drop-off and pick-up. Visitors register at the office and receive identification badges that must be displayed at all times.

Cleaning Process & Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed and the trash emptied.

The cafeteria, gym, and all restrooms are cleaned daily. Grounds are groomed on a rotating basis, with trash, lawn, and plumbing issues addressed daily.

A team of two full-time custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by the Westminster School District to ensure that all classrooms and facilities are well maintained. The school's campus is inspected daily and custodians and district maintenance workers repair any unsafe conditions.

Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service that emergency repairs are given the highest priority. At the time of publication, 100% of restrooms are in complete working order. The following chart displays the results of the most recent facility inspection provided by the district in October 2008.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, paving, and floor systems.

For the 2007-08 school year, the district budgeted \$392,833 for the deferred maintenance program. This represents 0.5% of the district's general fund budget. For the 2007-08 school year, the district's governing board approved the removal and replacement of the lower grade playground and the sealing and striping of all asphalt areas as a deferred maintenance project for this school.

School Site Teacher Salaries

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the California Department of Education has provided average salary data from school districts throughout the state having more than 5,000 Average Daily Attendance (ADA). At the time of publication, the most recent salary comparison data from the State of California was for the 2006-07 school year. The Average Teacher Salary table illustrates the average teacher salary at the school and compares it to the average teacher salary at the district and state levels.

Average Teacher Salaries	
School & District	
School	\$63,677
District	\$66,205
Percentage of Variation	3.82%
School & State	
All Elementary School Districts	\$64,702
Percentage of Variation	1.59%

Average Teacher & Administrative Salaries

The table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of the district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the California Department of Education web site www.cde.ca.gov.

Data Sources

Data within the SARC was provided by the district, retrieved from the 2007-08 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a dynamic search engine, maintained by the California Department of Education (CDE), that provides reports for accountability. It includes Academic Performance (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.
