School Profile

The Woodcreek High School campus covers 40 acres including five acres of shared use with the 88 acre Mahaney Park. The Woodcreek learning experience prepares students for post-secondary education and for successful lives in the 21st century by equipping them with high-level knowledge and skills in academics as well as a variety of life skills. The Woodcreek staff embraces a vision of a school where students, staff, and parents work closely together to create real-life learning experiences within a rigorous academic curriculum. Through focused and effective teacher collaboration, we strive to provide our students with the best possible instruction to ensure that they achieve proficiency in a guaranteed curriculum based on state standards and agreed-upon site and district learning targets. The teachers and staff are committed to making instruction meaningful and relevant to students. The staff is also committed to challenging all students to achieve college level proficiency by completing the California UC/CSU 'a – g' course requirements. We believe the skills and knowledge they acquire at WHS will serve them in whatever endeavors they choose beyond high school. The Woodcreek staff works to prepare students to apply thinking, demonstrate learning, communicate with positive outcomes and participate in their communities. We believe that in fulfilling our vision we will prepare students for higher education and successful careers in the 21st century.

At Woodcreek High School our mission is to ensure that every student achieves at his/her maximum capacity, and we do not pre-determine the capacity of any student. In addition to providing a strong academic foundation, we believe we can prepare students to meet the challenges of the twenty-first century by encouraging athletic and extracurricular involvement, and by emphasizing communication, problem solving, responsibility, and technology. We expect our students to become collaborative workers, complex thinkers, effective communicators, and self-directed learners. We accomplish these goals by adhering, individually and collectively, to the guiding principles of employing quality instruction; modeling adaptability; sharing decision making; exploring career options; maintaining safety and order; extending learning opportunities into the community; practicing continuous improvement; involving students, parents, and community; promoting individual and team strengths; and supporting cultural diversity. We believe that while there are many variables affecting student learning, the most important of those variables is quality of instruction, and that by focusing on continuous improvement of instruction, we can overcome many of the other variables.

Student Enrollment by Ethnic Group				
2011-12				
	Percentage			
African American	2.9%			
American Indian	0.7%			
Asian	4.5%			
Filipino	3.0%			
Hispanic or Latino	13.6%			
Pacific Islander	0.2%			
White	67.9%			
Two or More	6.3%			
None Reported	0.9%			

Discipline & Climate for Learning

Woodcreek High School works with teachers, students, and parents in an effort to impact student behavior from a positive discipline perspective. Our goal is to work with students in a manner that will produce a positive change in behavior. Woodcreek High School has instituted an Embedded Intervention period between 2nd and 3rd period where students are identified who need targetted assistance and receive that help during the school day. Our teachers are available both before and after school to assist students on an individual basis when needed. We also have a Tutoring Center conducted by teachers and student mentors open after school three days a week.

Furthermore, Woodcreek High School has implemented 5th Period where students are assigned an after-school tutorial to complete work that was due that day. Students are able to get extra help in all core subject areas. Our counselors are available during the school day for our students, and they work closely with our teachers to insure students' progress. Parents are kept informed of student progress through an internet based attendance and grade program that can be accessed at anytime. Grade reporting occurs every four to five weeks so students and parents are kept abreast of their progress towards graduation. Woodcreek High School will continue to explore ways to support student learning and will implement best practices for student learning at every opportunity.

Supposione & Expulsions									
Suspensions & Expulsions

Social Science	32	28	35	-	4	1	38	7	1	33	13	17

Parent Involvement

Parental involvement is primarily through our Woodcreek PTC & School Site Council that meets on a monthly basis. The School Site Council is comprised of parents, students, teachers, counselors, and administrators. The parents, students and teachers have been elected to these positions and make up the voting members of the council. Anyone can attend the regular monthly meetings, but only the voting members are responsible for the decisions that are made. Parents are also involved in our boosters programs which support extra-curricular activities for WHS students. Woodcreek High School also hosts Parent Education Programs twice a year (each course running for six weeks) to educate parents on critical issues for their students like college entrance, financial aid and study skills.

For information on parent volunteer opportunities, contact Najiya Becker, Assistant Principals Secretary at Woodcreek High School, (916) 771-6565

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Woodcreek High at (916) 771-6565.

Staff Development

For the past six years, the RJUHSD has provided staff development around curriculum alignment to standards, building assessment literacy, and developing powerful instruction. We are members of the Placer County BTSA Induction Consortium and have beginning teachers receive coaching from a mentor teacher and participate in staff development activities designed to meet their needs. English teachers receive training from their colleagues on writing instruction as a part of the district writing assessment process. A team of teachers who have assumed a leadership role are currently working together on a process to chart what students need to know and be able do to master the standards.

Teachers work in professional learning teams to improve classroom assessments. District staff has worked to improve student learning through common assessments and professional learning teams that have focused on assessing what students have learned and improving classroom instructional practices.

Teachers meet weekly during collaboration days and at minimum, participate with a monthly staff meeting. In addition, many teachers attend workshops, conferences, and trainings to refine their teaching methodologies and to grow their knowledge.

Counseling & Support Staff (School Year 2011-12)

It is the goal of Woodcreek High to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The counselor to pupil ratio is 1:440.8. The table lists the support service personnel available at Woodcreek High School.

Counseling & Support Services Staff					
	Number of Staff E				
Counselor	5	4.5			
Librarian/library media teacher	1	1.00			
Nurse	1	8.0			
Psychologist	1	1.00			
Resource Specialist	1	1.00			
School nurse	1	1.00			

Teacher Assignment

Roseville Joint Union High recruits and employs the most qualified credentialed teachers.

Teacher Credential Status						
	School District 09-10 10-11 11-12 11-12					
Fully Credentialed	93	91	93	453		
Without Full Credentials	0	0	0	0		
Working Outside Subject	0	0	0	3		

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Misassignments/Vacancies							
	10-11	11-12	12-13				
Misassignments of Teachers of English Learners	0	0	0				
Misassignments of Teachers (other)	0	0	0				
Total Misassignments of Teachers	0	0	0				
Vacant Teacher Positions	0	0	0				

Highly Qualified Teachers (School Year 2011-12)

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2005-06 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

For more information, see the CDE Improving Teacher and Principal Quality Web page at: http://www.cde.ca.gov/nclb/sr/tq/.

Note: High-poverty schools have student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools have student eligibility of approximately 25 percent or less.

NCLB Compliant Teachers					
	% of Core Academic Courses Taught By NCLB Compliant Teachers	% of Core Academic Courses Taught By Non-NCLB Compliant Teachers			
School	97.4%	2.6%			
District	99.1%	0.9%			
High-Poverty Schools in District	100.0%	0.0%			
Low-Poverty Schools in District	98.7%	1.3%			

Data Sources

Data within the SARC was provided by Roseville Joint Union High School District, retrieved from the 2011-12 SARC template, located on Dataquest (http://data1.cde.ca.gov/dataquest), and/or Ed-Data website.

Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention. Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

Physical Fitness (School Year 2011-12)

In the spring of each year the school is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

Percentage of Students in Healthy Fitness Zone						
2011-12						
Grade Level	Four of Six Standards	Five of Six Standards	Six of Six Standards			
9	9.7%	30.1%	49.6%			

*Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards).

The first table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in English/language arts, mathematics, social science, and science, for the most recent three-year period.

California Standards Test (CST)									
Subject	School		District			State			
	2010	2011	2012	2010	2011	2012	2010	2011	2012
English/Language Arts	70	73	73	67	67	67	52	54	56
Mathematics	22	30	29	25	32	33	48	50	51
Science	73	82	84	64	68	70	54	57	60
History/Social Science	57	62	67	59	61	63	44	48	49

^{*}Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

The second table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

	California Standards Test (CST)						
Subgroups							
Subject	English/ Language Arts	Mathematics	Science	History/ Social Science			
District	67	33	70	63			
School	73	29	84	67

Students with Disabilities	31	23	30	21			
Migrant Education	*	*	*	*			
Two or More Races	*	*	*	*			

^{*}Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Federal Intervention Programs					
	School	District			
Program Improvement (PI) Status	Not in PI	In PI			
First Year in PI	-	2006-2007			
Year in PI (2012-13)	-	Year 3			
# of Schools Currently in PI	-	2			
% of Schools Identified for PI	-	28.57%			

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

The first table displays the school's API ranks and actual API point changes by student group for the past three years. The second table displays, by student group, the most recent Growth API at the school, district, and state level.

API School Results							
	2009	2010	2011				
Statewide	9	9	9				
Similar Schools	6	6	6				
Group	09-10	10-11	11-12

Students with Disabilities	118	618	507	595	530,935	607			

Adequate Yearly Progress (School Year 2011-12)

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- · API as an additional indicator.
- · Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP's, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Adequate Yearly Progress (AYP)						
_	Sch	nool	Dis	trict		
Made AYP Overall	N	lo	N	lo		
Met AYP Criteria	English - Language Arts	Mathematics	English - Language Arts	Mathematics		
Participation Rate	Yes	Yes	Yes	Yes		
Percent Proficient	No	No	No	No		
API School Results	Ye	es	Ye	es		
Graduation Rate	Ye	es	Ye	es		

California High School Exit Exam (CAHSEE)

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the Federal No Child Left Behind (NCLB) law. The CAHSEE has an English language/ arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement. The first table displays the percent of students achieving at the Proficient or Advanced level for the past three years. The second table displays the percent of students, by group, achieving at each performance level in English language/arts and math separately for the most recent testing period.

CAHSEE By Subject for All Grade Ten Students									
		2009-10		2010-11		2011-12			
	School	District	State	School	District	State	School	District	State
English	73.0	72.0	54.0	76.0	73.0	59.0	75.0	71.0	56.0
Mathematics	73.0	69.0	54.0	76.0	73.0	56.0	76.0	71.0	58.0

CAHSEE By Student Group							
		English			Mathematics		
	Not Proficient	Proficient	Advanced	Not Proficient	Proficient	Advanced

Socioeconomically Disadvantaged	25.0	45.0	30.0	30.0	57.0	13.0	
Students with Disabilities	68.0	16.0	16.0	67.0	28.0	6.0	

Completion of High School Graduation Requirements - Class of 2012

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2011-2012 school year in the 10th grade, 95% passed the ELA portion, and 96% passed the math portion of the CAHSEE. For 12th grade only, 99.8% of students needing to pass the CAHSEE did so. Of the non-grads, two were Caucasian, two Hispanic or Latino, and one African-American; all were due to not completing credit requirements for graduation. Detailed information about the CAHSEE can be found at the CDE Web site at http://www.cde.ca.gov/ta/tg/hs/.

Dropout & Graduation Rates

Woodcreek High believes that effective instruction consists of the continuous building of new concepts upon existing ones and requires regular attendance and participation. In hopes of preventing and reducing dropouts, the following programs are made available to students: intervention counselor, California High School Exit Exam intervention classes, support classes in English and mathematics for students with performance and/or achievement below grade level, and after school tutoring and homework completion areas.

Completion of High School Graduation Requirements							
	School District						
Socioeconomically Disadvantaged	100.0%	100.0%	*				
African American/Black	81.0%	92.6%	*				
American Indian	66.6%	84.6%	*				
Asian	95.2%	96.5%	*				
Filipino	100.0%	100.0%	*				
Hispanic or Latino	95.0%	86.6%	*				
White	94.6%	94.2%	*				
Native Hawaiian	0.0%	63.6%	*				
Multiple or No Response	96.8%	100.0%	*				

^{*} Data was not available at the time of publication.

Graduation & Dropout Rates							
08-09 09-10 10-11							
Dropout Rate	0.80%	3.90%	1.20%				
Graduation Rate	96.59%	91.67%	95.51%				

Note: The National Center for Education Statistics graduation rate as reported in AYP is provided in the table.

UC/CSU Course Completion

Students at are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

UC/CSU Course Enrollment				
	Percentage			
Student Enrolled in Courses Required for UC/CSU Admission (2011-12)	72.2%			
Graduates Who Completed All Courses Required for UC/ CSU Admission (2010-11)	19.6%			

^{*} Duplicated Count (one student can be enrolled in several courses).

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at http://www.universityofcalifornia.edu/admissions/.

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- · Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at http://www.calstate.edu/admission/admission.shtml.

Advanced Placement Classes (School Year 2011-12)

Woodcreek High encourages students to continue their education past high school. Woodcreek High offers Advanced Placement (AP) courses for those students seeking to qualify for college credit. Juniors and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges. During the 2011-2012 school year, 480 students took 956 AP classes. Those students also took 811 (24% more than last year) AP exams and there were 620 scores of "3" or better (a pass) for a pass rate of 76%, about the same as last year (77%).

Advanced Placer	Advanced Placement Classes				
	# of Courses

Career Technical Education (CTE) Programs (School Year 2011-12)

Woodcreek High School offers CTE programs in Small Business Entrepreneurship and Multimedia, and is developing a Commercial Music Project program. Additionally, Oakmont High School has a Health Academy that is open to all district students, and Antelope High School offers Project Lead the Way. Placer County's 49er ROP serves district students with courses in veterinary medicine, automotive technology, business and marketing, computer technology, construction, cosmetology, education, electronics, fire science, graphic communications, and health and medical careers. For information about the district's career technical advisory committee, which includes representatives from local industries including automotive, construction, culinary arts, education, and computer technology, please contact John Montgomery at the district office, (916) 786-2051 or jmontgomery@rjuhsd.k12.ca.us.

		CTE Programs		
Title of Career Preparation Course	Who offers the course	How do these classes support student achievement	How does the school address the needs of all students in career preparation	How are the courses evaluated for effectiveness
Business Entrepreneurship	Woodcreek High School	The courses meet state CTE standards for the Entrepreneurship Pathway. Classes are also articulated with R.O.P. and fullfill the elective credit graduation requirement for the RJUHSD.	The program teaches students job skills for transition to post-secondary education opportunities and employment. Also, students are placed in internships in local businesses.	Each CTE program completes a Program of Study with fourteen essential program components. The Program of Study is reviewed and updated on a yearly basis. Additionally, the number of students completing the program and their post-secondary placement is tracked.
Media	Woodcreek High School	The courses meet state CTE standards for the Media and Design Arts Pathway. Classes alsofullfill the visual arts credit graduation requirement for the RJUHSD.	The program teaches students job skills for transition to post-secondary education opportunities and employment.	Each CTE program completes a Program of Study with fourteen essential program components. The Program of Study is reviewed and updated on a yearly basis. Additionally, the number of students completing the program and their post-secondary placement is tracked.

Career Technical Education Participation (School Year 2011-12)

This table displays information about participation in the school's Career Technical Education (CTE) programs.

Enrollment & Program Completion in Career/ Technical Education (CTE) Programs (Carl Perkins Vocational and Technical Education Act)

Question	Response
How many of the school's pupils participate in CTE?	359
What percent of the school's pupils complete a CTE program and earn a high school diploma?	9.0
What percent of the school's CTE courses are sequenced or articulated between the school and institutions of post secondary education?	27.0

Instructional Materials (School Year 2012-13)

Roseville Joint Union High held a public hearing at the beginning of the school year and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in December 2011 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

District-Adopted Textbooks								
Grade Levels	Subject	Publisher	Adoption Year	Sufficient	% Lacking			
9th-12th	Foreign Language	McDougal Littell	2006	Yes	0.0%			
9th	Health	Holt, Rinehart & Winston	2009	Yes	0.0%			
9th-12th	History/Social Science	Prentice Hall	2005	Yes	0.0%			
9th-12th	Mathematics	McDougal Littell	2001	Yes	0.0%			
9th-12th	Reading/ Language Arts	Addison- Wesley	2003	Yes	0.0%			
9th-12th	Science	McDougal Littell	2004	Yes	0.0%			
9th-12th	Science Laboratory Equipment	N/A	N/A	Yes	0.0%			

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located in the cities of Granite Bay, Antelope and Roseville, which contain numerous computer workstations.

Science Lab Equipment

The school stocks an adequate supply of equipment for its students. Inventory includes, but is not limited to: microscopes, slides, ring stands, clamps, support rings, utility clamps, test tubes, test tube holders and brushes, tongs, flasks, beakers, and Bunsen burners. For more information, please call the school office.

Safe School Plan

Woodcreek High School has developed a comprehensive plan that addresses a variety of potential crisis situations. We developed a Crisis Response Manual whose goal is a defined response to any manner of crisis. This plan recognizes the need to ensure direction and control for a major incident affecting the entire school site. Woodcreek High School's Safety Coordinator and Crisis Response Team will be training our staff, communicating with our Site Design Team and students in an effort to provide the safest school environment we can for students and staff. Date last discussed with staff: January 2013.

School Facilities

Our custodial/maintenance staff does an excellent job of maintaining our facilities and grounds. Classrooms and restrooms are checked and cleaned daily, and the grounds maintained on a regular basis. Major maintenance jobs are completed during school breaks and over the summer. Two campus monitors are on our campus everyday from 7:30 AM to 2:45 PM to supervise the students, with a third working from 10:30-3:30. The Leadership Team monitors the campus before school, during passing periods, at lunch, and after school. Students are not allowed to leave campus during the school day without parental permission or do not have an afternoon class. Any students leaving campus must pass by a campus monitor at the front gate and provide proof of permission to leave. A Roseville City Police officer, the Youth Services Officer, is scheduled on our campus four days per week. He provides invaluable assistance to the administration and students.

The district maintenance staff has as its highest priority the safety of our students and staff. All facilities are maintained and repaired immediately to insure proper working order and a safe environment for all educational and instructional activities. Safety "walk arounds" are conducted monthly to ensure that all facilities are inspected on a routine basis. As new construction or renovations are completed all appropriate upgrades are incorporated.

School Facility Conditions							
Date of Last Inspection: 04/13/2012							
Overall Summary of School Facility Conditions: Exemplary							
Items Inspected	Facility Component System Status			Deficiency & Remedial Actions Taken or Planned			
	Good	Fair	Poor				
Systems (Gas Leaks, Mech/ HVAC, Sewer)	Х						
Interior	Х						
Cleanliness (Overall Cleanliness, Pest/Vermin Infestation)	Х						
Electrical	Х						
Restrooms/Fountains	Х						
Safety (Fire Safety, Hazardous Materials)	х						
Structural (Structural Damage, Roofs)	Х						
External (Grounds, Windows, Doors, Gates, Fences)	Х						

Teacher & Administrative Salaries (Fiscal Year 2010-11)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of the districts budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE Web site.

Average Salary Information							
Teachers - Principal - Superintendent							
2010-11							
	District	State					
Beginning Teachers	\$42,098	\$42,660					
Mid-Range Teachers	\$64,767	\$69,198					
Highest Teachers	\$84,710	\$88,943					
Elementary School Principals	-	-					
Middle School Principals	-	\$121,140					
High School Principals	\$125,627	\$127,707					
Superintendent	\$196,766	\$202,123					
Salaries as a Percentage of Total Budget							
Teacher Salaries	42.6%	37.5%					
Administrative Salaries	6.2%	5.0%					

School Site Teacher Salaries (Fiscal Year 2010-11)

The chart illustrates the average teacher salary at the school and compares it to the average teacher salary at the district and state.

Average Teacher Salaries					
School & District					
School	\$68,254				
District	\$69,177				
Percentage of Variation	-1.34%				
School & State					
All High School Districts	\$70,792				
Percentage of Variation	-3.59%				

District Expenditures (Fiscal Year 2010-11)

The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Expenditures per Pupil					
School					
Total Expenditures Per Pupil	\$5,447				
From Supplemental/Restricted Sources	\$653				
From Basic/Unrestricted Sources	\$4,794				
District					
From Basic/Unrestricted Sources	\$5,550				
Percentage of Variation between School & District	-13.62%				
State					
From Basic/Unrestricted Sources	\$5,455				
Percentage of Variation between School & State	-12.12%				

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

District Revenue Sources (Fiscal Year 2011-12)

In addition to general state funding, Woodcreek High receives state and federal funding for the following categorical funds and other support programs:

State categorical programs

Peer Assisted Review Program

Gifted and Talented Education

Federal categorical programs

The Perkins' Vocational & Technical Education
