School Mission Statement

Our endeavor is for each member of our school community to respect our Critter Code. By understanding our code each of us feels capable, contributing and connected. We ask each of our students to be personally responsible for their learning in hopes of them becoming self-motivated, life-long learners.

District & School Profile

Twin Rivers Unified School District is California's newest unified school district, combining the former North Sacramento, Del Paso Heights, Rio Linda Union, and Grant Joint Union High School Districts. Starting in the 2008-09 school year, Twin Rivers Unified School District is located in Sacramento County and has 34 elementary schools, six junior high schools, five high schools, six charter schools, and seven alternative education schools.

Dry Creek Elementary School had a beginning enrollment of 394 students in grades kindergarten through six for the 2007-08 school year. Student demographics are illustrated in the chart.

Student Enrollment by Ethnic Group

2007-08	
	Percentage
African American	5.8%
American Indian	1.0%
Asian	7.4%
Caucasian	59.4%
Filipino	0.8%
Hispanic or Latino	24.4%
Pacific Islander	1.3%
Multiple or No Response	0.0%

Discipline & Climate for Learning

The Dry Creek Elementary School Community is committed to developing and maintaining a positive and safe learning environment with a challenging and meaningful curriculum. Positive discipline, through teachers and parents working cooperatively, can help children learn responsibility for their own decisions and behaviors. Through a challenging and meaningful education a student will develop a positive sense of self, learn responsibility, and develop the knowledge and skills to prepare them for the future. The purpose of this program is to insure a safe and orderly place for children to work and play. The Dry Creek Elementary School Discipline Plan has four basic school rules for students to follow which are given below. Each of these basic rules is explained in the discipline plan, along with both positive and negative consequences. The rules are:

- I will respect myself, others and property;
- I will be punctual and prepared;
- I will be responsible for my behavior;
- I will be safe.

The suspensions and expulsions for the past three years are illustrated in the chart. Suspensions are reported as total number of incidents, not students suspended, as some students may have been suspended on multiple occasions. Suspensions and expulsions rates reflect incidents divided by total enrollment. **Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district.**

Suspensions & Expulsions

	School		
	05-06	06-07	07-08
Suspensions	51	52	33
Suspension Rate	11.9%	12.7%	8.4%
Expulsions	0	0	0
Expulsion Rate	0.0%	0.0%	0.0%

Student Recognition

Dry Creek Elementary School's comprehensive student recognition program contributes to the positive environment of the school and includes classroom and schoolwide awards. There is a schoolwide focus on achievement and citizenship. Students are recognized by the following:

- Principal's List
- Academic Achievement
- Monthly Character Trait Awards
- Honor Role

Extracurricular Activities

Dry Creek Elementary School recognizes that extracurricular activities enrich the educational and social development and experiences of students. Extracurricular activities offered at Dry Creek Elementary School include the following:

- Soccer
- Basketball
- Academic Intervention

School Attendance & Enrollment

School districts receive financial support from the state for the education of the students they serve based on how many students attend each day. Most importantly, attendance is critical to academic achievement and regular daily attendance is a priority at Dry Creek Elementary School. Student attendance is carefully monitored to identify those students exhibiting excessive absences.

Attendance, tardy, and truancy policies are clearly stated, consistently enforced, and consequences fairly administered. Parents are advised of their responsibilities, including proper notification of when and why students are absent. The school monitors student attendance very closely, makes phone calls to parents on a daily basis, and will send letters home if absences become a problem.

Students are referred to the School Attendance Review Board (SARB) when they have persistent attendance and behavior problems in school, and when the normal avenues of classroom, school, and district counseling are not effective.

This chart illustrates the enrollment trend by grade level for the past three school years.

Enrollment Trend by Grade Level

	2005-06	2006-07	2007-08
K	60	61	48
1st	63	56	60
2nd	68	60	53
3rd	49	55	57
4th	61	60	62
5th	52	63	55
6th	76	54	59

Class Size

Dry Creek Elementary School maintained a schoolwide average class size of 22.2 students and a pupil-to-teacher ratio of 20.7:1 for the 2007-08 school year. The table indicates the average class size by grade level or subject area, as well as the number of classes offered in reference to their enrollment.

Class Size Distribution

	Average Class Size			Classrooms Containing:									
				1-20 Students			21-32 Students			33+ Students			
	06	07	08	06	07	08	06	07	08	06	07	08	
K	20	20	16	2	3	3	1	1	-	-	-	-	-
1	21	19	20	-	3	3	4	-	-	-	-	-	-
2	19	20	18	3	3	4	-	-	-	-	-	-	-
3	20	18	19	2	3	3	1	-	-	-	-	-	-
4	31	30	31	-	-	-	2	2	3	-	-	-	-
5	26	32	28	-	-	-	2	2	2	-	-	-	-
6	26	27	30	-	-	-	4	2	2	-	-	-	-

Class Size Reduction

In 1996, state legislature approved implementation of the Class Size Reduction (CSR) program that provides funding to hire additional teachers to assist schools in reducing K-3 class sizes. Dry Creek Elementary School began implementing CSR for grades kindergarten through three in 1996-1997. The table displays the percentage of K-3 classrooms that participated in CSR for the past three school years.

CSR Participation

	2005-06	2006-07	2007-08
K	67%	75%	100%
1	0%	100%	100%
2	100%	100%	100%
3	67%	100%	100%

Curriculum Development

All curriculum development at Dry Creek Elementary School revolves around the California State Content Standards and Frameworks. The writing and implementation of the Twin Rivers Unified School District's curriculum is an ongoing process. The district's curriculum guides are updated regularly to align with the state standards, district goals, and the statewide assessment program. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

Instructional Materials

Twin Rivers Unified School District held a public hearing in June 2008, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

District-Adopted Textbooks

Grade Levels	Subject	Publisher	Adoption Year	Sufficient	% Lacking
K-6	English/ Language Arts	Houghton Mifflin	2004	Yes	0.0%
K-6	Health	MacMillan/ McGraw Hill	2006	Yes	0.0%
K-6	History/ Social Studies	Scott Foresman/ Prentice Hall	2007	Yes	0.0%
K-6	Mathematics	Scott Foresman	2002	Yes	0.0%
K-6	Science	Pearson Scott Foresman	2008	Yes	0.0%

Library & Computer Resources

All classrooms have at least five computers that are connected to the Internet. Dry Creek Elementary also has a library media center with four computers available for student use. There is also a laptop cart with 30 computers available for teacher check out. The library media center is staffed by a part-time Library Clerk. The library media center provides an extensive variety of reference and special interest materials, in addition to hundreds of educational and recreational books. Students visit the library media center on a weekly basis with their classes and are encouraged to visit before school and at lunch. Computer skills and concepts are integrated throughout standard curriculum which helps to prepare students for technological growth and other opportunities.

Computer Resources			
	05-06	06-07	07-08
Computers	116	116	115
Students per computer	3.7	3.5	3.4
Classrooms connected to Internet	19	18	18

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located in the city and county of Sacramento, which contain numerous computer workstations. Visit www.saclibrary.org for more information and directions to the nearest branch.

Counseling & Support Staff

In addition to academics, the staff at Dry Creek Elementary School strives to assist students in their social and personal development. Staff members are trained to recognize at-risk behavior in all students. The school values the importance of on-site counseling and has procedures in place to ensure that students receive the services they need. The table lists the support service personnel available at Dry Creek Elementary School.

Counseling & Support Services Staff		
	Number of Staff	Full Time Equivalent
Bilingual Paraeducators	3	1.2
Curriculum Support Teacher	1	1.0
Library Clerk	1	0.75
Nurse	1	0.2
Psychologist	1	0.2
Resource Specialist	1	1.0
Speech and Language Specialist	1	0.4

Dry Creek Elementary School teachers are sensitive to the unique needs of English Language Learner (ELL) students. ELL students are identified early and placed in classrooms where they receive in-class assistance from a Bilingual Paraprofessional.

Some students have exceptional academic needs that can be met through the Resource Specialist Program (RSP). RSP students receive additional instruction in identified academic areas based on Individual Education Plans (IEPs). The school employs two full-time RSP teachers who provide instruction within the general education classroom and through pull-out groups.

A Gifted and Talented Education (GATE) program is available for those students who qualify, where students receive challenging supplemental instruction.

School Leadership

Leadership at Dry Creek Elementary is a responsibility shared between district administration, the principal, instructional staff, students, and parents. The district's emphasis is on a well-balanced and rigorous core curriculum at all grade levels. Instructional programs are aligned with state and district standards. Leadership duties were assumed by Principal Sal Garcia. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the school plan to ensure instructional programs are consistent with students needs and the school plan complies with district goals. Opportunities for leadership include:

- School Site Council
- Leadership Team
- ELAC

Parent & Community Involvement

Parents and Guardians are always welcome at Dry Creek Elementary School. Families may assist in classrooms, provide materials to classrooms, attend field trips, and participate in special projects. Parents and families are kept informed through weekly newsletters, our website, and NTI community outreach. The Parent Information Resource Center runs workshops for parents and the Parent Teacher Association (PTA) is very active in fundraising efforts for Dry Creek Elementary.

Federal Intervention Program

Schools and districts receiving Federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. **Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district.**

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, and Science, for the most recent three-year period, is shown. **Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district. For results on course specific tests, please see <http://star.cde.ca.gov>.**

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart. **Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district.**

Adequate Yearly Progress (AYP)		
Met Overall AYP	School	
	English - Language Arts	Mathematics
Met Overall AYP	Yes	
Participation Rate	Yes	Yes
Percent Proficient	Yes	Yes
API School Results	Yes	
Graduation Rate	N/A	

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

API School Results					
	05-06	06-07	07-08	2008 API Growth Score	
Statewide Rank	5	5	6		
Similar Schools Rank	5	3	6		
All Students

Actual Growth	-	13	-1	695	
Caucasian					
Actual Growth	13	32	-24	771	
English Learners					
Actual Growth	-30	32	15	726	

Physical Fitness

In the spring of each year, Dry Creek Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. Students that meet or exceed the standards in all six fitness areas are considered to be physically fit or in the healthy fitness zone (HFZ). During the 2007-08 school year, 15.2% of the fifth grade students were in the HFZ.

Teacher Assignment

Twin Rivers Unified recruits and employs the most qualified credentialed teachers. For the 2007-08 school year, Dry Creek Elementary had 21 fully credentialed teachers who met all credential requirements in accordance with State of California guidelines. **Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district.**

Teacher Credential Status				
	School			
	05-06	06-07	07-08	
Fully Credentialed	25	23	21	
Without Full Credentials	0	0	0	
Working Outside Subject	0	0	0	

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year.

Misassignments/Vacancies			
	06-07	07-08	08-09
Misassignments of Teachers of English Learners	0	0	0
Misassignments of Teachers (other)	0	0	0
Total Misassignments of Teachers	0	0	0
Vacant Teacher Positions	0	0	0

Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2006-07 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. **Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district.**

NCLB Compliant Teachers		
	% of Core Academic Courses Taught By NCLB Compliant Teachers	% of Core Academic Courses Taught By Non-NCLB Compliant Teachers
School	100.0%	0.0%

Teacher Evaluation & Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

Evaluations are conducted by the principal, who has been trained and certified for competency to perform teacher evaluations. Evaluation criteria are: Engaging and Supporting All Students in Learning, Understanding and Organizing Subject Matter for Student Learning, Assessing Student Learning, Creating and Maintaining Effective Environments for Student Learning, Planning Instruction and Designing Learning Experiences for All Students, and Developing as a Professional Educator.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district offers 12 staff development days annually where teachers are offered a broad based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

School Facilities & Safety

The current facilities were built in 1962. There are 19 classrooms, a multipurpose room, a library/media center, a staff lounge, and two playgrounds.

School safety is a primary concern of Dry Creek Elementary School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Each classroom and office area has an Emergency Preparedness Guide. The school at large has regular fire drills, lockdowns, and duck and cover procedure rehearsals. In recent years we have increased playground supervision, which has reduced the student to supervisory ratio on the yard. Our school can readily dispatch law enforcement through our district's Safe School Policy Officer Program. The safety plan was updated and reviewed with staff in August 2008.

The table shows the results of the most recent school facilities inspection (as of March 2009). While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed and the trash emptied. The cafeteria, gym, and all restrooms are cleaned daily. Grounds are groomed on a rotating basis, with trash, lawn, and plumbing issues addressed daily.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Two full-time custodians ensure that all classrooms and facilities are in adequate condition. A work order process is used to ensure efficient service that emergency repairs are given the highest priority. At the time of publication, 100% of latrines are in complete working order.

School Facility Conditions				
Date of Last Inspection: 03/19/2009

Overall Cleanliness	X			CI Room #22 - Clean stainless steal sink.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, paving and floor systems. For the 2008-09 school year, the district has budgeted \$1,200,000 for the deferred maintenance program. This represents 0.5% of the district's general fund budget.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Dry Creek Elementary at 566-1820.

School Site Teacher Salaries

The chart illustrates the average teacher salary at the school and compares it to the average teacher salary at the district and state (based on FY 2006-07 financial statements). *Since the district opened in the 2008-09 school year there is no district data reported for the last three years. Being a new district it would not be appropriate to assign the performance of any of the old districts to the new district.*

Average Teacher Salaries

Data Sources

Data within the SARC was provided by Twin Rivers Unified School District, retrieved from the 2007-08 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.
