2014-15 School Accountability Report Card

Published in 2015-16 School Year

SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- View this SARC online at the school and/or LEA websites.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents and community members should contact the school
 principal or the district office.

Principal's Message

Frontier Elementary School is a kindergarten through 6th grade school located in the city of Sacramento; Foothill Farms area. The school serves over 500 students. The staff and I are looking forward to continuing to provide an exciting and rewarding educational program for each and every child this year. You, as parents and families, are an integral part of our school community and very important to the success of your children at Frontier School.

We will have a very exciting school year. As you know Frontier holds the distinction of being a nationally recognized Blue Ribbon School. Frontier School - the place where it's "cool to be smart" and where the students want to be at school because they know, "if you miss school, you miss out." There are always things going on here.

This year we will continue to focus on teaching our students the skills they will need in the 21st century while continuing to incorporate the newly adopted National Common Core Standards using an integrated approach. The school community is committed to excellence as is exemplified by our high level of parent volunteerism, active parent committees and well-attended school-wide events. Our entire teaching staff meets requirements for Highly Qualified Teacher per federal critieria and all of them are credentialed to work with English Learner Students. The staff and I highly encourage you to visit classrooms throughout the year to see the exciting things taking place at Frontier. We encourage all who join us to participate in inspiring each student to extraordinary achievement every day.

Sincerely,

Ellen Giffin

Principal

School Mission Statement

In order to ensure reflective and adaptive learning for all, the Frontier mission is to regularly collaborate to evaluate instruction, strategies and assessment. We will utilize each other as resources to identify purposeful and focused actions that will contribute to the goal of improved learning for students.

District & School Profile (School Year 2015-16)

Twin Rivers Unified School District is California's newest unified school district, combining the former North Sacramento, Del Paso Heights, Rio Linda Union, and Grant Joint Union High School Districts. Started in the 2008-09 school year, Twin Rivers Unified School District is located in Sacramento County and has 30 elementary schools, 5 middle schools, and four high schools. Our district also offers families the option of two alternative schools, a special education center, an independent learning center, two adult education centers, one community day school, one opportunity school, preschools and three dependent charter schools.

Enrollment By Ethnicity Or Student Group (School Year 2015-16)

This chart illustrates the enrollment trend by ethnicity or student group.

Students with Disabilities	8.9%
Foster Youth	0.8%

School Enrollment & Attendance (School Year 2014-15)

School districts receive financial support from the state for the education of the students they serve based on how many students attend each day. Most importantly, attendance is critical to academic achievement and regular daily attendance is a priority at the school. Student attendance is carefully monitored to identify those students exhibiting excessive absences.

Attendance, tardy, and truancy policies are clearly stated, consistently enforced, and consequences fairly administered. Parents are advised of their responsibilities, including proper notification of when and why students are absent. The school monitors student attendance very closely, makes phone calls to parents on a daily basis, and will send letters home if absences become a problem.

Students are referred to the School Attendance Review Board (SARB) when they have persistent attendance and behavior problems in school, and when the normal avenues of classroom, school, and district counseling are not effective.

This chart illustrates the enrollment trend by grade level for the past three school years.

Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- · Pupils have access to standards-aligned instructional materials; and
- · School facilities are maintained in good repair.

Highly Qualified Teachers (School Year 2015-16)

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified". Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. For more information, see the CDE Improving Teacher and Principal Quality Web page at: http://www.cde.ca.gov/nclb/sr/tq/.

Note: High-poverty schools have student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools have student eligibility of approximately 39 percent or less.

Misassignments refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire semester or year.

Instructional Materials (School Year 2015-16)

Twin Rivers Unified held a public hearing on October 6, 2015, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in June 2015, about the quality, currency, and availability of the standards-aligned textbooks and the instructional materials used at the school.

School Facilities & Safety (School Year 2015-16)

The building that houses the elementary site of Frontier Elementary was originally constructed in 1965. The campus is currently comprised of 25 classrooms, a multipurpose room, a library/media center, a staff lounge, and two playgrounds. The school was completely renovated in 2008.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed and the trash emptied. The cafeteria, gym, and all restrooms are cleaned daily. Grounds are groomed on a rotating basis, with trash, lawn, and plumbing issues addressed daily.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Two full-time custodians ensure that all classrooms and facilities are in adequate condition. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. At the time of publication, 100% of the restrooms are in complete working order.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, paving, and floor systems. For the 2015-16 school year, the district has budgeted \$1,775,000.00 for the deferred maintenance program. This represents 0.60% of the district's general fund budget.

Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its predecessor the Standardized Testing and Reporting Program); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Standards Test

The California Standards Test (CST), a component of the CAASPP Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards).

The first table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in science (for grades 5, 8, and 10), for the most recent three-year period. The second table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

For detailed information regarding the results for each grade and performance level, see the CDE CAASPP Results Web site at http://caaspp.cde.ca.gov/caaspp2015/Index.aspx.

California Assessment of Student Performance and Progress

California EC Section 60640 authorized the replacement of the Standardized Testing and Reporting (STAR) Program with a new assessment program, referred to as the CAASPP. All students in grades three through eight and eleven were assessed using computer-based tests in English/Language Arts and Mathematics; students in grades five, eight, and ten were also tested in Science. Science assessments were paper-based and included California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA). Students receive an overall score for each subject, ranging from 2,000 to 3,000. Overall scores are reported within one of four levels:

- Performance Level 1: Standard not met Needs substantial improvement for success in future coursework.
- Performance Level 2: Standard nearly met May require further development for success in future coursework.
- Performance Level 3: Standard met Demonstrates progress toward mastery.
- Performance Level 4: Standard exceeded Demonstrates advanced progress toward mastery.

ELA results include information about the students' performance in the areas of reading, writing, listening, and research. Reports of mathematics results include information about students' performance in problem solving, using concepts and procedures, and communicating mathematical reasoning.

The table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) in English Language

The following tables display information on student achievement at each performance level in English/Language Arts and Mathematics for the school by student groups for grades three through eight and eleven.

Note: A student is defined as socioeconomically disadvantaged if the student was eligible for the free or reduced-price lunch program (also known as the National School Lunch Program or NSLP), migrant, foster youth or homeless, or neither of the student's parents was a high school graduate.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Other Pupil Achievement

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority:

• Pupil outcomes in the subject areas of English, mathematics, and physical education.

Physical Fitness (School Year 2014-15)

In the spring of each year, Twin Rivers Unified schools are required by the state to administer a physical fitness test to all students in fifth, seventh and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. Students that meet or exceed the standards in all six fitness areas are considered to be physically fit or in the healthy fitness zone (HFZ).

Percentage of Students in Healthy Fitness Zone 2014-15

5	23.5%	21.0%	29.6%					

*Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Parent & Community Involvement (School Year 2015-16)

We welcome and encourage parent involvement in our school. Parents can find ways to help us accomplish our mission through volunteering to work with students in classrooms, completing classroom tasks, chaperoning field trips and responding to requests for help from our teachers. In addition, we have a number of more coordinated efforts that help us address specific needs at the school site. We have an English Learner Advisory Commimttee to provide input regarding the specific needs of our English Learner Students and families. Our Parent Teacher Association (PTA) supports our school's mission by organizing educational community-building and fundraising activities. The teachers and office staff welcome volunteers to help in classrooms and throughout the school each day. Our school's academic plan and school budget are developed using a collaborative effort between our school staff and community through our School Site Council and the District Board of Trustees.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Frontier Elementary at (916) 566-1840.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- · Pupil suspension rates;
- · Pupil expulsion rates; and
- · Other local measures on the sense of safety.

Discipline & Climate for Learning

Students at Frontier Elementary School are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. We have high behavior expectations for our students. All of our procedures are taught, modeled, and practiced on a regular basis. All school personnel are involved in supporting students as they learn the rules. We acknowledge positive behaviors through many reinforcement and recognition programs. We are a "Bucket Filling" School

The suspensions and expulsions for the past three years are illustrated in the chart. Suspensions are reported as total number of incidents, not students suspended, as some students may have been suspended on multiple occasions. Suspensions and expulsions rates reflect incidents divided by total enrollment.

Safe School Plan (School Year 2015-16)

School safety is a primary concern of Frontier Elementary School. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Each classroom and office area has an Emergency Preparedness Guide. The school at large has regular fire drill, lockdown, and duck and cover procedure rehearsals. In recent years, we have increased playground supervision, which has reduced the student to supervisory ratio on the yard. The Safety Plan was updated in October and reviewed with the staff in December.

Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Federal Intervention Program (School Year 2015-16)

Schools and districts receiving Federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

School Leadership

Leadership at Frontier Elementary is a responsibility shared between district board of trustees, district administration, the principal, instructional staff, students, and parents. The district's emphasis is on a well-balanced and rigorous core curriculum at all grade levels. Instructional programs are aligned with state and district standards. Leadership duties are assumed by Principal Ellen Giffin and Vice Principal Danielle Sharp. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the school plan to ensure instructional programs are consistent with students' needs and the school plan complies with district goals.

Counseling & Support Staff (School Year 2014-15)

In addition to academics, the staff at Frontier Elementary School strives to assist students in their social and personal development. Staff members are trained to recognize at-risk behavior in all students.

Some students have exceptional academic needs that can be met through the Resource Specialist Program (RSP). RSP students receive additional instruction in identified academic areas based on Individual Education Plans (IEPs). The school employs a full-time RSP teacher who provides instruction within the general education classroom and through pull- out groups.

The table lists the support service personnel available at Frontier Elementary School.

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Teacher Evaluation & Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and both formal and non-formal, non-evaluative observations are designed to promote high quality instruction as well as comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

Evaluations are conducted by an administrator, who has been trained and certified for competency to perform teacher evaluations. Evaluation criteria are adapted from the California Standards for the Teaching Profession and address the following domains: Engaging and Supporting All Students in Learning, Creating and Maintaining Effective Environments, Understanding and Organizing Subject Matter, Planning Instruction and Designing Learning Experiences, Assessing Student Learning, and Developing as a Professional Educator.

Teachers and other certificated staff build skills and develop educational concepts through the participation in conferences and after school workshops throughout the year. In the 2014-2015 school year, Twin Rivers Unified School District offered 5 non-student professional development days for teachers. Professional Learning Communities (PLCs) were organized, met regularly, and collaborated during dedicated periods at each school site during late-start days. Professional development sessions were focused on Transitioning/Implementation of the Common Core Standards for all grade levels, 21st Century Learning Skills, and Implementation of PLCs. For the 2014-2015 year, the district supported approximately 100 beginning teachers through the district's BTSA program and coached a cohort of NBCT (National Board Certification of Teachers) candidates.

Adequate Yearly Progress (School Year 2014-15)

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- · Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and mathematics.
- · Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP, and the former school would be required to provide the transportation to the new site. Results of school, district, and state performance are displayed in the chart.

Curriculum Development

All curriculum development at Frontier Elementary School revolves around the California Common Core Standards. The writing and implementation of the Twin Rivers Unified School District's curriculum is an ongoing process. The district's curriculum guides are updated regularly to align with the state standards, district goals, and the statewide assessment program. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.
