Discipline & Climate for Learning

Students at Gateway West are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of Gateway West discipline program is to ensure a safe campus where students can learn. Parents and students are informed of school rules and discipline policies through the Parent/Student handbook which is sent home at the beginning of the school year as well as at intake meetings.

School Facilities

Gateway West was originally constructed in 2003 and is comprised of 3 classrooms.

Cleaning Process: The site teachers work daily with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs.

Safe School Plan

Safety of students and staff is a primary concern of Gateway West. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated on 9/06 by the School Safety Committee. All revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held as needed. Students are supervised before and after and during lunch and break periods. There is a designated area for student drop off and pick up.

Counseling & Support Staff

It is the goal of Gateway West Community Day to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The table lists the support service personnel available at Gateway West Community Day.

Dropout & Graduation Rates

Gateway West believes that effective instruction consists of the continuous building of new concepts upon existing ones and requires regular attendance and participation. In hopes of preventing and reducing dropouts, the following programs are made available to students: Dropout Prevention Specialist and on site counseling services.

Graduation & Dropout Rates			
	04-05	05-06	06-07
Dropout Rate	6.25%	55.56%	73.33%
Graduation Rate	66.70%	33.30%	88.80%

Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, the table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically significant.

CAT-6

The CAT-6 is not offered at the high school level.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, Social Science, Science, for the most recent three-year period, is shown. For results on course specific tests, please see <http://star.cde.ca.gov>.

Physical Fitness

In the spring of each year, schools are required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. On an interim basis, the state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. NCLB requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation.

Results of school and district performance are displayed in the chart.

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

California High School Exit Exam (CAHSEE)

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the Federal No Child Left Behind (NCLB) law. The CAHSEE has an English language-arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement. The table displays the percent of students achieving at the Proficient or Advanced level for the past three years.

Advanced Placement Classes

Gateway West Community Day encourages students to continue their education past high school. Gateway West Community Day offers Advanced Placement (AP) courses for those students seeking to qualify for college credit. Juniors and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges.

UC/CSU Course Completion

Students at Gateway West Community Day are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

Teacher Assignment

Grossmont Union High recruits and employs the most qualified credentialed teachers. Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year. For the 2007-08 school year, the most current data are reported.

Career Technical Education Participation

This table displays information about participation in the school's Career Technical Education (CTE) programs.

Career Technical Education (CTE) Programs

Gateway West post secondary planning program prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Instructors at Gateway West have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs.

Curriculum Development

All curriculum development in the Grossmont Union High School District is based on the California State Content Standards and Frameworks. Curriculum is reviewed monthly at subject matter council meetings in order to insure alliance with the state standards, district goals, and the statewide assessment program. The following changes to curriculum have been added during the 2007/08 school year:

New Courses Course Number(s) Department

Advanced Digital Arts 1H, 2H B247/B248 & T247/T248 Art & ROP

Instructional Materials

Grossmont Union High School District held a Public Hearing on October 11, 2007, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The link below displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located within their communities.

Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2006-07 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

Staff Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then sharing their experiences and knowledge with district colleagues. The district dedicated 60 days to staff development annually for the past three years. Topics for staff development during the 2008-2009 school year included:

- AP Workshop
- Breakdown Those Classroom Walls
- Collaboration Technology Tools
- Conscious Classroom Management
- Data Analysis
- Differentiated Instruction for the Teenage Brain
- Edu-Soft Training
- Effective EL Strategies
- Effective Teambuilding
- Equity & Diversity Training
- FACT Training

District Expenditures

Grossmont Union High School District spent an average of \$9,711 to educate each student, based on 2007-08 FY audited financial statements. The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

District Revenue Sources

In addition to general state funding, Gateway West receives state and federal funding for the following categorical funds and other support programs: Title I, Economic Impact Aid, Lottery, Block Grant, etc.

Data Sources

Data within the SARC was provided by Grossmont Union High School District, retrieved from the 2007-08 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Parent Involvement

Gateway West greatly benefits from its supportive parents who ensure that their students attend school regularly. Parents are also welcome to join School Site Council.

College Entrance Info

California high school students have two options for attending public universities in the State: Universities of California (UC), or California State Universities (CSU). There are eight UC campuses statewide, and 28 CSU schools. A college preparatory high school program includes a minimum of the following courses, referred to as the "A-G requirements."

- A: Two years of history/social science
- B: Four years of English
- C: Three years of college preparatory mathematics (Four recommended for UC)
- D: Two years of laboratory science (Three recommended for UC)
- E: Two years of a single language other than English (Three recommended for UC)
- F: One year of visual/performing arts
- G: One year of a college preparatory elective in one of the above subjects

All courses must be completed with a grade of "C" or better. The minimum GPA required for admission to a UC is 3.15, and 2.0 for the CSU system. For more information about admissions to UC schools, please visit www.ucop.edu/pathways. To prepare for entrance to a CSU school, visit www.csumentor.edu.
