Teacher Assignment

Grossmont Union High recruits and employs the most qualified credentialed teachers. Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year. For the 2005/06 school year, the most current data are reported.

Teacher Assignment

	Teacher Credential Status			
	School			District

Teacher credential data may not have been submitted or a teacher may hold one or more types of credentials. As a result, total number of teachers may not equal addition of individual categories.

Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2005-06 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

Substitute Teachers

The Grossmont Union High district has an adequate pool of fully credentialed and qualified substitutes in order to maintain continuity of instruction at West Hills High. Generally, the district does not experience any problems finding qualified substitute teachers.

Teacher Evaluation

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year. Evaluations are conducted by the Vice-Principal who has been trained and certified for competency to perform teacher evaluations. Teachers are evaluated against the California teaching standards.

At Risk Interventions

West Hills High provides after-school tutoring in English/Language Arts and Mathematics for those students performing below grade-level standards or who are at risk of retention. Intersession courses are offered during vacation periods when necessary. Other intervention programs offered at West Hills High include: _____.

Counseling & Support Staff

It is the goal of West Hills High to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The table lists the support service personnel available at West Hills High.

Counseling & Support Staff

Curriculum Development

All curriculum development in the Grossmont Union High is based on the California State Content Standards and Frameworks. Curriculum is reviewed monthly at subject matter council meetings in order to insure alliance with the state standards, district goals, and the statewide assessment program. The following changes to curriculum have been added during the 2005/06 school year:

- Completion of chemistry curriculum guide
- Revised First Aid curriculum
- Alignment of AP/IB course titles with College Board
- English Language Development courses receive English graduation requirement credit
- English as a Second Language courses receive elective credit
- Addition of the following courses to the Master Course Catalog:
 - CAHSEE English Intervention
 - Bible as Literature, 2A
 - IB Theatre Arts 1st Year, 1-2HL
 - IB Theatre Arts 2nd Year, 3-4 HL
 - IB Film 1st Year, 1-2
 - IB Film 2nd Year, 3-4
 - CAHSEE Math Intervention
 - AVID Junior Seminar
 - IB/CAS International Baccalaureate/Community Action Service

Instructional Materials

Grossmont Union High School District held a Public Hearing on September 14, 2006, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The link below displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

District Expenditures

Grossmont Union High spent an average of \$8,290 to educate each student, based on 2005-06 FY audited financial statements. The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

District Revenue Sources

In addition to general state funding, West Hills High receives state and federal funding for the following categorical funds and other support programs: (enter information from consolidated application)

Teacher & Administrative Salaries as a Percentage of Total Budget

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of the districts budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE Web site.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, Social Science, Science, for the most recent three-year period, is shown. For results on course specific tests, please see <http://star.cde.ca.gov>.

CAT-6

The California Achievement Test (CAT/6) is a standardized norm-referenced test (NRT), which indicates how the student or group of students compares with that of a norm group and other students from around the country. In August of 2004 the governor signed legislation reauthorizing the STAR Program. Prior to the reauthorization the California Achievement Tests, Sixth Edition Survey (CAT/6 Survey) were administered to all students in grades two through eleven. The reauthorization program requires administering the CAT/6 Survey only to students in grades three and seven. Therefore, students at West Hills did not participate in the California Achievement Test.

CAT-6

*Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

Physical Fitness

In the spring of each year, schools are required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. On an interim basis, the state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

California Awards & Interventions

Although state intervention and awards programs are currently in the California Education Code, the programs were not funded for the period addressed by this SARC, therefore, there is no data to report.

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. NCLB requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation.

Results of school and district performance are displayed in the chart.

Graduation Rate	Yes		Yes	

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

Dropout & Graduation Rates

West Hills High believes that effective instruction consists of the continuous building of new concepts upon existing ones and requires regular attendance and participation. In hopes of preventing and reducing dropouts, the following programs are made available to students:_____.

Dropout & Graduation Rates			
Graduation & Dropout Rates			
	02-03	03-04	04-05

CAHSEE

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2005-06 school year in the 12th grade, the table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically

significant.

Career Technical Education (CTE) Programs

West Hills High career planning program prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Instructors at West Hills High have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Advisors/Guidance Counselors offer additional support through various programs, including: _____.

The West Hills High (offers/does not offer) a college admission test preparation course. The table displays the percent of the school's 12th grade students who voluntarily took the SAT Reasoning Test for college entrance, and average verbal, math, and writing scores of those students. Detailed information regarding SAT results, and comparisons of these average scores to the district and state levels, can be found at the CDE Web site.
