Principal's Message

The mission of Alternative Education is to provide individualized learning opportunities that address the educational needs of each student in a safe and nurturing environment. We in Alternative Education believe that ALL STUDENTS CAN LEARN. The faculty and staff are dedicated to providing excellence in education in a small learning community that is conducive to learning.

Mission Statement

The mission of Alternative Education is to provide individualized learning opportunities that address the educational needs of each student in a safe and nurturing environment. We in Alternative Education believe that ALL STUDENTS CAN LEARN. The faculty and staff are dedicated to providing excellence in education in a small learning community that is conducive to learning.

School Profile

Gateway Community Day Schools provide an education for those students who are on a suspended expulsion order from the district, an involuntary transfer from one of the comprehensive sites, a SARB student, or a student on probation. They offer an extended school year. Gateway Community Day Schools are located at 2 store front locations in the East County. Gateway East opened in a small church location and then moved to its current location on Main Street in El Cajon. Gateway East has two teachers and can serve 40 students.

School Facilities

Gateway East was originally constructed in 2001 and is comprised of 2 classrooms, 1 weight room.

Cleaning Process: The site teachers work daily with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs.

Safe School Plan

Safety of students and staff is a primary concern of Gateway East. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated on 1/08 by the School Safety Committee. All revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held as needed. Students are supervised before and after school and during lunch and break periods. There is a designated area for student drop off and pick up.

Counseling & Support Staff

It is the goal of Gateway East to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The table lists the support service personnel available at Gateway East.

At Risk Interventions

Gateway East provides after-school tutoring in English/Language Arts and Mathematics for those students performing below grade-level standards or who are at risk of retention. Intersession courses are offered during vacation periods when necessary.

Other intervention programs offered at Gateway East include after school tutorials. They have also incorporated the Measuring Up program for math and English that helps students prepare for the CAHSEE.

Dropout & Graduation Rates

Gateway East believes that effective instruction consists of the continuous building of new concepts upon existing ones and requires regular attendance and participation. In hopes of preventing and reducing dropouts, the following programs are made available to students: Dropout Prevention Specialist and on site counseling services.

	Graduation & Dropout Rates		
	03-04	04-05	05-06
Dropout Rate	7.69%	0.00%	29.41%
Graduation Rate	90.20%	89.40%	89.40%

Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2005-06 school year in the 12th grade, the table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. **Data was not provided by the district.**

College Entrance Info

California high school students have two options for attending public universities in the State: Universities of California (UC), or California State Universities (CSU). There are eight UC campuses statewide, and 28 CSU schools. A college preparatory high school program includes a minimum of the following courses, referred to as the "A-G requirements."

- A: Two years of history/social science
- B: Four years of English
- C: Three years of college preparatory mathematics (Four recommended for UC)
- D: Two years of laboratory science (Three recommended for UC)
- E: Two years of a single language other than English (Three recommended for UC)
- F: One year of visual/performing arts
- G: One year of a college preparatory elective in one of the above subjects

All courses must be completed with a grade of "C" or better. The minimum GPA required for admission to a UC is 3.15, and 2.0 for the CSU system. For more information about admissions to UC schools, please visit www.ucop.edu/pathways. To prepare for entrance to a CSU school, visit www.csumentor.edu.

Advanced Placement Classes

Gateway Community Day encourages students to continue their education past high school. Gateway Community Day offers Advanced Placement (AP) courses for those students seeking to qualify for college credit. Juniors and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges.

UC/CSU Course Completion

Students at Gateway Community Day are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

Career Technical Education (CTE) Programs

Gateway East career planning program prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Instructors at Gateway East have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs.

School Leadership

Leadership at Gateway East is a responsibility shared between district administration, the principal, instructional staff, students, and parents. The district's emphasis is on a well-balanced and rigorous core curriculum at all grade levels. Instructional programs are aligned with state and district standards. For the past 3 years, leadership duties were assumed by Principal Lucia Washburn. Principal Washburn has 25 years of experience in education with positions in Special education and Administration. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with district goals.

Instructional Materials

Grossmont Union High School District held a Public Hearing on October 11, 2007, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The link below displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located within their communities.

Curriculum Development

All curriculum development in the Grossmont Union High School District is based on the California State Content Standards and Frameworks.

Curriculum is reviewed monthly at subject matter council meetings in order to insure alliance with the state standards, district goals, and the statewide assessment program. The following changes to curriculum have been added during the 2006/07 school year:

New Courses Course Number(s) Department
 Advanced Video
 Production 1, 2 Y512/Y513 Non-Departmental

CAT-6

The CAT-6 is not offered at the high school level.

Physical Fitness

In the spring of each year, schools are required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test is a standardized evaluation that tracks the development of high-quality fitness programs and assists students in establishing physical activity as part of their daily lives. Results of student performance are compared to other students statewide who took the test.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards).

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

California Awards & Interventions

Although state intervention and awards programs are currently in the California Education Code, the programs were not funded for the period addressed by this SARC, therefore, there is no data to report.

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. NCLB requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation.

Results of school and district performance are displayed in the chart.

Adequate Yearly Progress (AYP)

Made AYP Overall	School		District	
	English - Language Arts	Mathematics	English - Language Arts	Mathematics
Met AYP Criteria	Yes	Yes	No	Yes
Participation Rate	Yes	Yes	No	Yes
Percent Proficient	Yes	Yes	No	Yes
API School Results	Yes		Yes	
Graduation Rate	Yes		Yes	

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. On an interim basis, the state has set 800 as the API score that schools should strive to meet.

Only numerically significant subgroups for each reporting period are required to be presented in this report card. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 15% of the school population tested and contains at least 50 students with valid scores.

SAT-1

Each year, students have the opportunity to participate in the SAT, which is designed to assess many of the skills that are important to a student's success in college and their general educational development. Detailed information regarding SAT results, and comparisons of these average scores to the district and state levels, can be found at the CDE Web site.

Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2005-06 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

Substitute Teachers

The Grossmont Union High district has an adequate pool of fully credentialed and qualified substitutes in order to maintain continuity of instruction at Gateway East. Generally, the district does not experience any problems finding qualified substitute teachers.

Teacher Evaluation

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies.

Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year. Evaluations are conducted by the Vice-Principal who has been trained and certified for competency to perform teacher evaluations. Teachers are evaluated against the California teaching standards.

Staff Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then sharing their experiences and knowledge with district colleagues. The district dedicated 62 days to staff development annually for the past three years. Topics for staff development during the 2007/08 school year included:

- A Kinder, Gentler Classroom
- Conscious Classroom Management
- Designing Effective Assessments
- Diversity Training – Toward Equity
- Edu-Soft Training
- Evidence-Based Coaching for Peer Support

District Expenditures

Grossmont Union High spent an average of \$9,030 to educate each student, based on 2006-07 FY audited financial statements. The table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

District Revenue Sources

In addition to general state funding, Gateway East receives state and federal funding for the following categorical funds and other support programs: Title I, Economic Impact Aid, Block Grant, Lottery, etc.

Data Sources

Data within the SARC was provided by Grossmont Union High School District, retrieved from the 2006-07 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Parent Involvement

Gateway East greatly benefits from its supportive parents who ensure that their students are in school every day. Parents are also welcome to join the School Site Council.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Peggy Gedman at (619) 258-3740.
