Principal's Message

Katherine R. Smith Elementary School serves a diverse community stretching from Eastridge to Highway 101. We pride ourselves in creating a family feeling, a sense of community, and a culture of building a successful future for our children. We are both a California Distinguished School and a National Blue Ribbon School.

We have a number of partnerships that work with us in our mission. General Electric, ELFUN, City Year, Cross-Cultural Community Services, Healthy Kids/Families, Overfelt High School ROTC Program, San Jose After-School Recreation Program, San Jose Public Library, and the city of San Jose Weed and Seed Program are just a few groups that add to our excellent array of services for children and families. Join us in our community effort to bring the best services to our students and families.

School & Community Profile

Evergreen Elementary School District, located in the city of San Jose, is comprised of 15 elementary schools and three middle schools. Once a small farming city, San Jose became a magnet for suburban newcomers between the 1960s and the 1990s, and is now the third largest city in California. The city is located in Silicon Valley, at the southern end of the San Francisco Bay Area, and is home to more than 973,000 residents.

KR Smith Elementary, located in the northern section of the district's borders, served 759 kindergarten through sixth grade students during the 2006-07 school year on a traditional calendar schedule. Additionally, the 2006-07 student population consisted of 53.9% "Socioeconomically Disadvantaged," 66.8% "English Learners," and 8.4% "Students with Disabilities."

The school provides a family-oriented, nurturing, and safe place for students to learn, grow, and develop intellectually. Teachers, staff, and administrators continue to act on the principle that students come first.

Discipline & Climate for Learning

Students at KR Smith Elementary are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of the school's discipline program is to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior.

The suspensions and expulsions table illustrates total cases for the last three years, as well as a percentage of enrollment. Suspensions are expressed in terms of total infractions, not number of students suspended, as some students may have been suspended on multiple occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

	Suspensions & Expulsions					
	School			District		
	04-05	05-06	06-07	04-05	05-06	06-07
Suspensions	7	11	25	691	613	787

Expulsions	0	1	1	14	29	36
Expulsion Rate	0.00%	0.13%	0.13%	0.10%	0.22%	0.27%

The district has adopted the "Discipline with Dignity" program, which all schools utilize. Additionally, a partnership with Project Cornerstone has been forged, which promotes research-based developmental assets as a guiding framework for the support and healthy development of all children.

Parents and students are informed of school rules and discipline policies at the beginning of the school year through the Parent-Student Handbook. Ongoing school-to-home communication is facilitated through weekly newsletters, Back-to-School Night, Open House, parent-teacher conferences, emails, and the school website.

Student Recognition

KR Smith Elementary recognizes and celebrates the achievements and successes of students and staff on a regular basis. These schoolwide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. In addition to verbal praise and motivational incentives, ongoing recognition programs include:

- Honor Roll
- Student-of-the-Week
- Perfect Attendance Awards
- Super Helpers

Extracurricular Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities, which are an integral part of the educational program.

Class Size

Average class sizes and pupil-to-teacher ratios vary by grade level and subject area taught. Students receive additional in-class assistance from parent volunteers, instructional aides, and the buddy program. The table indicates the average class size by grade level or subject area, as well as the number of classes offered in reference to their enrollment.

School Enrollment & Attendance

School districts receive financial support from the state for the education of the students they serve based on how many students attend each day. Most importantly, attendance is critical to academic achievement. Attendance, tardy, and truancy policies are clearly stated, consistently enforced, and consequences fairly administered.

Parents are advised of their responsibilities, including proper notification of when and why students are absent. Phone calls are made on a daily basis to the homes of absent students, while letters and home visits may occur when absences become habitual. The school reports excessive unexcused absences to designated authorities.

Students are referred to the district's School Attendance Review Board (SARB) when they have persistent attendance and behavior problems in school and when the normal avenues of classroom, school, and district counseling are not effective.

The chart illustrates the enrollment trend by grade level for the most recent three-year period.

School Facilities & Safety

KR Smith Elementary, originally constructed in 1962, is currently comprised of 18 permanent classrooms, 15 portable classrooms, a computer lab, a library, a cafeteria/multipurpose room, a staff lounge, and one playground.

The school's library, staff parking lot, drop-off and pick-up areas, and office building are new construction projects, completed in recent years. The playground has also received repaving and turf area reconstruction. Additionally, the district passed a facilities bond measure in 2006 that will allow for future modernization. The following chart displays the results of the most recent facilities inspection, provided by the district on March 3, 2008.

School Safety

The safety of students and staff is a primary concern of KR Smith Elementary. Students are supervised before school, during recess, and after school by teachers and administrators. Lunch supervision is provided by noon-duty aides and parent volunteers. All visitors to the campus must sign in at the main office and wear a visitor's pass at all times during their stay on school grounds. There is also a designated area for student drop-off and pick-up at the front of the school.

The School Site Safety Plan was last reviewed and updated in fall 2007 by the Emergency Response Team (ERT).

Any and all revisions to the plan are immediately communicated to classified and certificated staff. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Current status of school crime
- Child abuse reporting procedures
- Policies related to suspension/expulsion
- Disaster procedures/routine & emergency drills
- Safe ingress & egress of pupils, parents, & school employees
- Sexual harassment policy
- Notification to teachers
- Schoolwide dress code

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, disaster, and lockdown drills are conducted on a rotating basis throughout the school year.

Cleaning Process

KR Smith Elementary provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by KR Smith Elementary's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Evergreen Elementary School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes the following:

- Roofing
- Heating & Air Conditioning
- Interior/Exterior Painting
- Plumbing
- Electrical Systems
- Floor Systems

For the 2007-08 school year, Evergreen Elementary School District has budgeted \$540,000 for the deferred maintenance program, which represents 0.5% of the district's general fund budget. KR Smith Elementary is scheduled to receive deferred maintenance-funded projects during 2007-08 that will include roofing repairs, paving, and carpet replacement in the break room.

School Leadership

Leadership at KR Smith Elementary is a responsibility shared among district administration, the principal, instructional staff, students, and parents. Primary leadership duties at the school have been assumed by Principal Nick Radley for the past two years.

Staff members participate on various committees that make decisions regarding the priorities and direction of the educational plan. These teams ensure instructional programs are consistent with students' needs and comply with district goals. Avenues of opportunity include the following:

- Emergency Response Team (ERT)
- Home & School Club
- Leadership Team
- Curriculum Council
- School Site Council (SSC)
- Grade Level Teams
- English Learner Advisory Committee (ELAC)

Counseling & Support Staff

In addition to academics, the staff at KR Smith Elementary strives to assist students in their social and personal development. Staff members are trained to recognize at-risk behavior in all students. The school has procedures in place to insure that students receive the services they need. Staff members are devoted to helping students deal with problems and assisting them to reach positive goals. The table lists the support service personnel available at the school.

Counseling & Support Services Staff		
	Number of Staff	Full Time Equivalent
Adaptive PE Specialist	1	0.3
Librarian/library media teacher	2	As Needed
Library Media Aide	1	0.8
Nurse	1	0.1
Psychologist	1	0.4
Resource Specialist Program (RSP) Teacher	2	1.5
Speech/Language/Hearing Specialist	1	0.8

Special Education

Special education students receive therapeutic services such as Speech & Language Therapy, Occupational Therapy, and Adaptive Physical Education. The Resource Specialist Program (RSP) and Special Day Classes serve students with learning disabilities.

At-Risk Interventions

KR Smith Elementary provides after-school intervention in all subject areas for students who are struggling to meet grade-level standards.

English Learners

English Learner (EL) students receive direct, explicit English language instruction both in the classroom by the classroom teacher and in a pull-out program by an EL Specialist, as determined by need.

GATE

A Gifted and Talented Education (GATE) program is offered for identified students. The units of study are thematic and vary throughout the year.

Training & Curriculum Improvement

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past three years, the district has sponsored three staff development days annually where teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

Before curriculum is adopted by the Board of Trustees, a committee comprised of teachers and administrators is formed to review state and district content standards, state frameworks, and student assessment data. The committee then reviews the State Board of Education approved materials and grade-level teams decide the two they believe most closely meet the needs of students. These two curriculums are piloted in the classroom and when consensus is reached a recommendation for adoption is made to the Board of Trustees. During the 2006-07 school year, the district adopted a new science curriculum for all kindergarten through eighth grade students.

Textbooks & Instructional Materials

Pursuant to the settlement of *Williams vs. the State of California*, Evergreen Elementary School District thoroughly inspected each of its school sites at the start of the 2007-08 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment.

The date of the most recent District Resolution on the Sufficiency of Textbooks was September 20, 2007.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education. The textbook chart displays data collected in February 2008 in regards to the textbooks in use at the school during the current year (2007-08). The district does not currently have a Visual & Performing Arts curriculum adoption.

Additional instructional materials, such as leveled reading books, math manipulatives, maps, atlases, and science equipment, are specified for classroom use and available for every classroom. A fully automated library provides a complete collection of materials for research and recreational reading. The library has a large inventory and also a bank of PCs to which students have access. There is also a computer lab where students are scheduled to visit in order to work on specified programs and create multimedia products.

Educational technology includes appropriate hardware and software to facilitate student success. The school has wireless Internet access and this technology is used by students and staff to enhance teaching and learning. All adults are connected through e-mail as well as classroom phones located in each room. Schoolwide software such as Accelerated Reader, Microsoft Office Suite, and math intervention programs foster students' independent study skills.

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit San Jose's public libraries which contain numerous computer workstations. For locations and hours of these branches, please visit <http://www.sjlibrary.org/about/contacts/branches.htm>.

Student Achievement & Testing

In addition to the Standardized Testing and Reporting (STAR) program, students are assessed both formatively and summatively using a range of measurements. These include the Noyce Assessment, district proficiency assessments in reading and writing, publishers' assessments, and on-demand assessments.

Norm-Referenced Tests

Norm-Referenced Tests (NRT) are nationally administered multiple-choice achievement tests that provide statistical feedback on a national level. The purpose of these tests is to determine how well California students are achieving academically compared to students nationally in reading, language, spelling, and mathematics in grades 3 and 7 only. The current NRT adopted by the State Board of Education is the California Achievement Test, Sixth Edition (CAT/6). The CAT/6 chart reflects the percentage of student scores at or above the national average (50th percentile) in Reading and Mathematics.

Physical Fitness

In the spring of each year, KR Smith Elementary is required by the state to administer a physical fitness test to all fifth grade students. The physical fitness test measures each student's ability to perform fitness tasks in six major areas:

- Aerobic Capacity
- Abdominal Strength
- Upper Body Strength
- Body Composition
- Trunk Extension Strength
- Flexibility

Students who either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone" (HFZ). During the 2006-07 school year, 22.7% of KR Smith Elementary's fifth grade students met or exceeded state fitness standards.

California Standards Test

The multiple-choice California Standards Tests (CST), part of the STAR program, are administered only to students in California public schools. These tests determine students' achievement in relation to meeting educational standards and goals and of the California Content Standards.

They also provide feedback on their success given what they are expected to know in each grade level and subject. Students in grades 2-11 take an English/Language Arts and Mathematics test.

Students in grades 4 and 7 also participate in an essay writing test. History-social science tests are given to students in grades 8, 10, and 11, and students in grades 5, and 8 through 11 take a science test.

Because tests are meant to measure how well students achieve standards rather than how well they do compared to other students, the results are reported as performance levels. The five performance levels are: advanced (exceeds State Standards), proficient (meets Standards), basic, below basic, and far below basic. Students scoring at the proficient or advanced level meet State Standards in that content area. The combined percentage of students scoring at the "proficient" and "advanced" levels in English/Language Arts, Math, and Science, for the most recent three-year period, is shown.

Data Sources

Data within the SARC was provided by Evergreen Elementary School District, retrieved from the 2006-07 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and the community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

Adequate Yearly Progress

The Federal No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. To meet these standards, California public schools and districts must meet or exceed criteria in four target areas:

1. Participation rate on statewide assessments
2. Percent of students scoring proficient on statewide assessments
3. API scores
4. Graduation rate for high schools

Results of school and district performance are displayed in the chart.

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential.

Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year. For the 2007-08 school year, the most current data are reported.

Only numerically significant subgroups for each reporting period are required to be presented in this report card. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 15% of the school population tested and contains at least 50 students with valid scores.

Federal Intervention Program

Schools and districts receiving Federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

School Site Teacher Salaries

State law requires comparative salary and budget information to be reported to the general public. At the time of publication, the most recent salary comparison data from the state was for the 2005-06 school year. For comparison purposes, the California Department of Education has provided average salary data from elementary school districts having above 5,000 average daily attendance statewide.

The chart illustrates the average teacher salary at the school and compares it to the average teacher salaries at the district and state levels.

In addition to general state funding, all schools within the district received state and federal categorical funding for the following support programs:

- Title I, Targeted Assistance
- Title II, Staff Development
- Title III, Economic Impact Aid
- Title IV, Safe & Drug Free Schools & Communities
- Title V, Innovative Programs
- Peer Assistance & Review (PAR)
- School & Library Improvement Program
- Gifted & Talented Education (GATE)
- Tobacco Use Prevention Education (TUPE)

Parent & Community Involvement

The following are ways in which parents and community members can volunteer their time:

- Parent representation on parent advisory groups, including Home and School Club, School Site Council, School Advisory Council Title I, English Language Acquisition Committee (ELAC), and the GATE Advisory Committee
- In-class and direct contact with children through tutoring, as field trip chaperones, reading with children at lunch, and lunch with children
- Home and School Club activities, such as Harvest Festival, Back-to-School Night and Open House, fund-raising, Canned Food Drive, and Holiday Family assistance
- Family Learning Workshops — We encourage families to attend our reading, math, science, and other workshops
- School wide contests and activities including Jump For Heart, Speech Contest, our Science Fair, musicals, plays, and our popular Talent Show
- Los Dichos en La Casa – Parents and teachers team together in using literacy opportunities to share Latino culture, language, and traditions
