2009-2010 School Accountability Report Card

Principal's Message

Laurelwood Elementary School is nestled at the base of the foothills of the Evergreen Valley in San Jose, California. We were awarded the honor of being named a California Distinguished School in 1995 and again in 2002. Our students continue to do well on all measures of achievement. As a result, our overall API is consistently well above 800 points. Likewise, we continue to excel with all individual target groups meeting their goals. While we rejoice in our accomplishments, we continue to challenge ourselves and seek new horizons, new opportunities, and new ways of operating that will result in high achievement for all.

Laurelwood Elementary School provides students with a comprehensive, balanced, and assessment-driven curriculum based on State Standards with defined performance levels. We set high expectations for every child and provide the support and enrichment each child needs to reach those expectations. We embrace the cultural diversity of our students, and believe that each child is more than the sum total of his/her assessment data, and has strengths and needs beyond the academic. Therefore, we provide a balanced curriculum that educates the whole child.

We measure our success one child at a time. As long as one child is not succeeding in any area, we have work to do. The "we" is important because we believe that education is a community affair and that the involvement and collaboration of all stakeholders is necessary to support student achievement.

School Mission Statement

Laurelwood is committed to providing an educational foundation for success. We set high expectations and provide a comprehensive, balanced, assessment-driven curriculum that educates the whole child. As a community that builds developmental assets, we foster a positive and caring environment where all students feel safe and supported. Working together, we can inspire them to become well-rounded, lifelong learners.

School & Community Profile

Evergreen Elementary School District, located in the city of San Jose, is comprised of fifteen elementary schools and three middle schools. Once a small farming city, San Jose became a magnet for suburban newcomers between the 1960s and the 1990s, and is now the third largest city in California. The city is located in Silicon Valley, at the southern end of the San Francisco Bay Area, and is home to more than 973,000 residents.

Laurelwood Elementary, centrally located within the district's borders. In the 2008-09 school year, the school served 439 students in grades K-6 on a traditional calendar schedule.

The school provides a family-oriented, nurturing, and safe place for students to learn, grow, and develop intellectually. Teachers, staff, and administrators continue to act on the principle that students come first.

Student Enrollment by Ethnic Group	
2008-09	
	Percentage
African American	6.8%
American Indian	0.5%
Asian	27.6%
Caucasian	17.1%
Filipino	5.5%
Hispanic or Latino	40.8%
Pacific Islander	1.8%
Multiple or No Response	0.0%

School Leadership

Leadership at Laurelwood Elementary is a responsibility shared among district administration, the principal, instructional staff, students, and parents. Primary leadership duties at the school have been assumed by Principal Linda Mora since the start of the 2008-09 school year. Prior to this position, Ms. Mora served in various administrative roles.

Staff members participate on various committees that make decisions regarding the priorities and direction of the educational plan. These teams ensure instructional programs are consistent with students' needs and comply with district goals.

Avenues of opportunity include the following:

- Parent Teacher Association (PTA)
- School Site Council (SSC)
- Emergency Response Team (ERT)
- Grade Level Teams
- Curriculum Committees
- English Learner Advisory Committee (ELAC)

Parent & Community Involvement

Our parents and community members work collaboratively with the staff as partners supporting and expanding student learning and strengthening the curriculum by participating in and/or coordinating such activities as:

- Astronomy Night
- Book Fair
- Math Night
- Curriculum Night
- Author's Fair
- Science Fair
- International Day
- Talent Show
- School Site Council
- Parent-Teacher Association (PTA)
- English Learner Advisory Committee (ELAC)
- District English Learner Advisory Committee (DELAC)
- GATE Committee
- Back-to-School Night
- Open House
- Kinder Orientation
- Art Fair
- Parenting Workshops
- Fundraisers
- Career Day
- Harvest Festival
- Parent Advisory Council

The school also receives support from numerous local businesses and community organizations. Support and donations from Albertson's, Office Depot, Target, General Mills, Campbell's, and Intel have greatly added to the quality of instruction and overall school environment.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school at (408) 270-4983.

Discipline & Climate for Learning

Students at Laurelwood Elementary are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of the school's discipline program is to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior.

The district has adopted the "Discipline with Dignity" program, which all schools utilize. Additionally, a partnership with Project Cornerstone has been forged, which promotes research-based developmental assets as a guiding framework for the support and healthy development of all children. The school supplements the district's discipline guidelines with the Expect Respect and Courtesy & Responsibility Education (C.A.R.E.) Programs, which emphasizes the *Six Pillars of Character*.

Parents and students are informed of school rules and discipline policies at the beginning of the school year through the Parent-Student Handbook. Ongoing school-to-home communication is facilitated through weekly newsletters, Back-to-School Night, Open House, parent-teacher conferences, e-mails, and the school website.

The Suspensions and Expulsions table illustrates total cases for the last three years, as well as a percentage of enrollment. Suspensions are expressed in terms of total infractions, not number of students suspended, as some students may have been suspended on multiple occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

	Suspensions & Expulsions					
	School			District		
	06-07	07-08	08-09	06-07	07-08	08-09
Suspensions	11	7	15	787	690	484
Suspension Rate	2.7%	1.7%	3.4%	5.9%	5.2%	3.6%
Expulsions	0	1	0	36	25	9
Expulsion Rate	0.0%	0.2%	0.0%	0.3%	0.2%	0.1%

Student Recognition

Laurelwood Elementary recognizes and celebrates the achievements and successes of students and staff on a regular basis. These schoolwide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. In addition to verbal praise and motivational incentives, ongoing recognition programs include:

- C.A.R.E. Program Recognition
- Student-of-the-Week
- Gold & Silver Honor Roll
- Perfect Attendance Awards
- Outstanding Citizenship Awards
- Super Citizen
- Kindness Coins
- Principal's Honor Roll
- Newsletter Recognition

Extracurricular Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities, which are an integral part of the educational program. Extracurricular activities and programs include:

- Learning Academies
- Homework Club
- Success Chess
- Young Rembrandts Art
- Enrichment Classes
- Choir
- Mad Science
- Spanish
- Student Council
- Hands-on Science

School Attendance

School districts receive financial support from the state for the education of the students they serve based on how many students attend each day. Most importantly, attendance is critical to academic achievement. Attendance, tardy, and truancy policies are clearly stated, consistently enforced, and consequences fairly administered. Parents are advised of their responsibilities, including proper notification of when and why students are absent. Phone calls are made on a daily basis to the homes of absent students, while letters and home visits may occur when absences become habitual. The school reports excessive unexcused absences to designated authorities.

Students are referred to the district's School Attendance Review Board (SARB) when they have persistent attendance and behavior problems in school and when the normal avenues of classroom, school, and district counseling are not effective.

Training & Curriculum Improvement

Before curriculum is adopted by the Board of Trustees, a committee comprised of teachers and administrators is formed to review state and district content standards, state frameworks, and student assessment data. The committee then reviews the State Board of Education approved materials and grade-level teams decide the two they believe most closely meet the needs of students. These two curriculums are piloted in the classroom and when consensus is reached, a recommendation for adoption is made to the Board of Trustees.

Class Size

The Class Size Distribution table illustrates the average class size by grade or subject. The corresponding numbers show how many classes were taught with a certain number of students in each class, based on three different class sizes.

Textbooks & Instructional Materials

Evergreen Elementary School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support instructional programs. Evergreen Elementary School District held a Public Hearing on October 15, 2009, and determined that each school within the district has sufficient and good quality textbooks and instructional materials pursuant to the settlement of *Williams vs. the State of California*.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the district must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Trustees. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available.

Library & Technology Resources

Additional instructional materials, such as leveled reading books, math manipulatives, maps, atlases, and science equipment, are specified for classroom use and available for every classroom. A fully automated library provides a complete collection of materials for research and recreational reading. The library houses two computer workstations to which students have access for Accelerated Reader and STAR preparation. Each classroom contains between three and five computers for student use. There is also a 32-workstation mobile computer cart for student and classroom use. Students receive computer-assisted instruction on a regular schedule in order to work on specified programs and create multimedia products.

Educational technology includes appropriate hardware and software to facilitate student success. The school has wireless Internet access and this technology is used by students and staff to enhance teaching and learning. All adults are connected through e-mail as well as classroom phones located in each room. Schoolwide software such as Accelerated Reader, Microsoft Office Suite, Inspiration, Kidspiration, Renaissance Place, and Firefox web browser foster students' independent study and technology skills.

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit San Jose's public libraries which contain numerous computer workstations. For locations and hours of these branches, please visit <http://www.sjlibrary.org/about/contacts/branches.htm>.

Student Achievement & Testing

In addition to the Standardized Testing and Reporting (STAR) program, students are assessed both formatively and summatively using a range of measurements. These include district proficiency assessments in reading and writing, publishers' assessments, and on-demand assessments.

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal.

The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP's, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Adequate Yearly Progress (AYP)				
Made AYP Overall	School		District	
	English - Language Arts	Mathematics	English - Language Arts	Mathematics
Participation Rate	Yes	Yes	Yes	Yes
Percent Proficient	No	Yes	No	No
API School Results	Yes		Yes	
Graduation Rate	N/A		N/A	

Federal Intervention Program

Schools and districts receiving Federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800.

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

California Standards Test

The California Standards Test (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5 and 8 through 11; and history-social science in grades 8, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at <http://star.cde.ca.gov>.

The first table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards). The second table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Physical Fitness

In the spring of each year, Laurelwood Elementary School is required by the state to administer a physical fitness test to all students in the fifth grade. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. This table displays by grade level the percent of students meeting fitness standards (scoring in the "healthy fitness zone" on all six fitness standards) for the most recent testing period. Detailed information regarding this test may be found at the CDE website at <http://www.cde.ca.gov/ta/tg/pt/>.

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is an evaluation that is representative of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress webpage at <http://nces.ed.gov/nationsreportcard/>.

Reporting scores for each subject area are not available for the same year. Reading scores reflect results from 2007 and mathematics scores reflect results from 2009. The first table displays the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight by scale score and achievement level. The second table displays the participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) by Students with Disabilities and/or English Language Learners for grades four and eight.

NOTE: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the district or the individual school.

Staff Development

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past three years, the district has sponsored three staff development days annually where teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

Teacher Assignment

Evergreen Elementary School District recruits and employs only the most qualified credentialed teachers. During the 2008-09 school year, the school staffed 21 fully credentialed teachers who met all credential requirements in accordance with State of California guidelines.

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English Learners) does not hold a legally recognized certificate or credential.

Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year.

Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified." Minimum qualifications include:

- Possession of a Bachelor's Degree
- Possession of an appropriate California teaching credential
- Demonstrated competence in core academic subjects

Counseling & Support Staff

In addition to academics, the staff strives to assist students in their social and personal development. Staff members are trained to recognize at-risk behavior in all students. The school has procedures in place to insure that students receive the services they need. Staff members are devoted to helping students deal with problems and assisting them to reach positive goals. The school does not have an academic counselor. The table lists the support service personnel available at the school.

GATE

A Gifted and Talented Education (GATE) program is offered for identified students. The units of study are thematic and vary throughout the year.

At-Risk Interventions

Laurelwood Elementary offers after-school learning academies for students who are struggling to meet grade-level standards. The Homework Club is also available for students in need of additional assistance.

English Learners

English Learner (EL) students receive direct, explicit English language instruction both in the classroom by the classroom teacher and in a pull-out program by an EL Specialist, as determined by need.

Special Education

Special education students receive therapeutic services such as Speech & Language Therapy, Occupational Therapy, and Adaptive Physical Education. The Resource Specialist Program (RSP) and Special Day Classes serve students with learning disabilities.

School Facilities

Laurelwood Elementary, originally constructed in 1971, is currently comprised of 18 permanent classrooms, three portable classrooms, four specialist classrooms, a computer lab, a library, a multipurpose room, three staff rooms, and two playgrounds. The most recent additions to the campus occurred in 2008 and included installation of a new theatrical stage. All classroom interiors were also painted between 2005 and 2007, and lunch tables were installed on the outdoor patio in 2005. Additionally, the district passed a facilities bond measure in 2006 that will allow for future modernization.

Cleaning Process

Laurelwood Elementary provides a safe and clean environment for students, staff, and volunteers. The district has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the school's custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by Laurelwood Elementary's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Evergreen Elementary School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Deferred Maintenance Budget

The State School Deferred Maintenance Program provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. In the Budget Act of July 2009, the State Legislature provided school districts with flexibility in using these funds to meet general fund needs. In an effort to mitigate the effects of declining state revenues, the Evergreen School District has taken advantage of this flexibility. The district will utilize bond funds and other appropriate sources to ensure its facilities are clean, safe and in good repair.

School Safety

The safety of students and staff is a primary concern of Laurelwood Elementary. Students are supervised before school, during recess, and after school by teachers and administrators. Lunch supervision is provided by noon-duty aides. All visitors to the campus must sign in at the main office and wear a visitor's pass at all times during their stay on school grounds. There is also a designated area for student drop-off and pick-up at the front of the school.

The School Site Safety Plan was last reviewed and updated in September 2009 by all staff and the Emergency Response Team (ERT). Any and all revisions to the plan are immediately communicated to classified and certificated staff. Key elements of the Safety Plan focus on the following: School rules & procedures, sexual harassment policy, current status of school crime, notification to teachers, child abuse reporting procedures, schoolwide dress code, policies related to suspension/expulsion, anti-tobacco & alcohol policies, disaster procedures/routine & emergency drills, and safe ingress & egress of pupils, parents, & school employees. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, disaster, and lockdown drills are conducted on a rotating basis throughout the school year.

District Expenditures

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2007-08 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

In addition to general state funding, all schools within Evergreen Elementary School District received state and federal categorical funding for the following support programs:

- School & Library Improvement Program
- Gifted & Talented Education (GATE)
- Peer Assistance & Review (PAR)
- Tobacco Use Prevention Education (TUPE)
- Title I, Targeted Assistance
- Title II, Staff Development

Data Sources

Data within the SARC was provided by Evergreen Elementary School District, retrieved from the 2008-09 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and the community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.
