### Mission Statement

The mission of San Lorenzo Valley High School, in cooperation with our community, is to prepare all students to be self-directed, active participants in society who recognize diversity as a strength and who meet the challenges and opportunities of a changing world.

### School Profile

San Lorenzo Valley High School (SLVHS), a Distinguished California High School, is nestled in the beautiful redwoods of the Santa Cruz Mountains above the blue expanse of the Monterey Bay Sanctuary. SLVHS is accredited by the Western Association of Schools and Colleges and is a member of the College Board. This school received its six-year accreditation during the 2007-2008 WASC visit. SLVHS is a comprehensive 9-12 high school with an enrollment of approximately 800. Classes meet for 101 minutes every other day in a block schedule for 180 instructional days. SLVHS provides a range of extracurricular activities open to all students. Two semesters comprise the academic year. The staff includes 45 teachers, 2 administrators, 2 counselors and 20 support personnel.

San Lorenzo Valley High is the comprehensive high school in the San Lorenzo Valley Unified. Curriculum is focused on fostering creative and critical thinking, where attitudes and habits of performance are built hand-in-hand with broad based knowledge. The school supports cultural awareness on a daily basis through its diverse literature selections and it's diversity awareness and tolerance program in which all freshmen participate and school wide participation in or international week activities each spring.

During the 2008-09, school year 800 9th-12th grade students were enrolled at the school, with classes arranged on a traditional schedule/year-round calendar.

### School Programs and Practices That Promote a Positive Learning Environment

After a fire destroyed our library a temporary library made up of portables was acquired and all library books and materials are new. An intervention program for students needing to pass the CAHSEE is available during the school day and after school. After-school tutorials in language arts, math, science, and social studies are available to all students. We communicate with parents weekly via Cougar mail an e-newsletter. A student-run newspaper is distributed monthly, and the daily bulletin is broadcast via our public address system.. We have a marquee on the main highway to communicate events to the community. Power School is used by 100% of our teachers. Student council and SMAD work together to promote a positive atmosphere that stresses tolerance.

### Discipline & Climate for Learning

Students of San Lorenzo Valley Unified are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. The goal of San Lorenzo Valley Unified discipline program is to create safe and effective learning environments for all students. The district's Strategic Plan states: There will be an annual 10% reduction of recorded discipline incidents, a reduction in suspendable behaviors and a reduction of expelled students. Parents and students are informed of school rules and discipline policies through the Student and Parent handbooks, which are sent home at the beginning of the school year. Families also receive updated information about the safe learning environments as well as information on ways to support their child's behavior and learning in regular newsletters from the sites.

### Student Enrollment by Ethnic Group

| 2008-09                 |            |
|-------------------------|------------|
|                         | Percentage |

| Multiple or No Response | 3.5%       |

The Suspensions and Expulsions table illustrates total cases for the last three years, as well as a percentage of enrollment. Suspensions are expressed in terms of total infractions, not number of students suspended, as some students may have been suspended on multiple occasions. Expulsions occur only when required by law or when all other alternatives are exhausted.

Students are encouraged to participate in the school's additional academic and extracurricular activities, which are an integral part of the educational program. These schoolwide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. Extracurricular activities, clubs, and programs are provided at each site. Please visit your child's school website to see the opportunities for student involvement. The school's interscholastic athletic programs promote individual and team-oriented achievement and self-esteem through school-sponsored teams that compete with other schools in the area. Athletic programs at the middle and high school are extensive and provide opportunities for all students to participate. Please visit the school's website to find the athletic schedule and contact information for the Athletic Directors. School recognizes and celebrates the achievements and successes of students and staff on a regular basis. Students are recognized for their achievements in the classroom and at schoolwide recognition assemblies. Positive citizenship and leadership are also recognized during the school year.

## Enrollment By Grade

This chart illustrates the enrollment trend by grade level for the past three school years.

## Staff Development

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers three staff development "buy-back" days annually where staff members are offered professional growth opportunities in curriculum, teaching strategies, and methodologies.

SLVUSD is committed to "leading the learning" and provides multiple opportunities for professional development throughout the year. Administrators, teachers and paraprofessionals participate in districtwide trainings that support the use of best practices for instructional strategies, technology, content knowledge and professional learning communities.

Each school site uses late start/early release days during the month to provide time for teacher collaboration. This time is used for a focused analysis of student achievement and collaborative planning on how best to support students who need remediation, enrichment and more practice in specific areas of learning.

## Counseling & Support Staff

It is the goal of San Lorenzo Valley Unified to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure.

The middle school and high school have maintained the counselors at each site, despite deep cuts in the state budget. The support we provide to students ranges from academic support, emotional support and college readiness. Our counselors serve as instructional leaders and support for their sites.

Each site also provides counseling services through Youth Services and other local agencies. These services supplement the support students receive at the middle school and high school. Elementary schools provide counseling through these agencies as well.

## Highly Qualified Teachers

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "Highly Qualified" no later than the end of the 2007-08 school year. Minimum qualifications include: possession of a Bachelor's Degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

SLVUSD is proud that 100% of our teachers are highly qualified for the courses and grade levels they teach. 77% of our teachers are CLAD certified in K-12 classrooms.

## Parent Involvement

San Lorenzo Valley Unified greatly benefits from its supportive parents who participate in district wide committees and advisory teams. SLVUSD parents participate in the District Curriculum Council, GATE Advisory Team, District English Learner Advisory Team (DELAC), District Advisory Council, the District Arts Team and the District Edu Tech Team. Parents are welcome to join district-wide committees as well as site based groups to support student achievement throughout the district for our K - 12 students.

For more information on how to participate as a parent and/or community member, please contact the Instructional Services Office at 336-8852.

## Contact Information

Parents or community members who wish to participate in district level leadership teams may contact the San Lorenzo Valley Unified at (831) 336-8852. Parents who are interested in supporting their child's site directly as a volunteer, participant in site level committees and/or classroom activity support should contact the high school principal directly at (831) 335-4425 X104.

## Curriculum Development

All curriculum development in the San Lorenzo Valley Unified is based on the California State Content Standards and Frameworks. Curriculum guides are updated regularly by the Director of Instructional Services, to align with the state standards, district goals, and the statewide assessment program. During the 2007-08 school year, changes to the curriculum included: the adoption of the California Visual and Performing Arts Standards.

The instructional program uses the standards and curriculum frameworks established by the State of California. The district's core curriculum includes language arts, mathematics, science, social sciences, physical education and the fine and performing arts. Materials and methods used in each setting are appropriate to the students' needs, abilities and language proficiencies. A broad-based staff and parent commitment supports and enriches the instructional process and the school's programs.

Students continue to use a variety of technology to enhance their learning. Technology efforts include the purchase of additional software, classroom computers and presentation tools. All classrooms, labs, and office in the school have access to the local and wide area network. The district has a Technology Plan that was approved in December, 2007 by the California Department of Education.

## Instructional Materials

San Lorenzo Valley Unified held a public hearing on October 1, 2008, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

| District-Adopted Textbooks |                            |                        |               |            |           |

## Science Lab Equipment

The school stocks an adequate supply of equipment for its students. Inventory includes, but is not limited to: microscopes, slides, ring stands, clamps, support rings, utility clamps, test tubes, test tube holders and brushes, tongs, flasks, beakers, and Bunsen burners. For more information, please call the school office.

## Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located in the cities of Felton and Boulder Creek, which contain numerous computer workstations.

## Safe School Plan

Safety of students and staff is a primary concern of San Lorenzo Valley Unified. Schools in the district are in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Each site works with the district and county to ensure that there is a Safety Plan at each site. All annual revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held annually. In the Spring of 2008, the Felton campus participated in a county sponsored Code Red Drill; this experience provided some important practice and dialogue between the district and county that supports our commitment to physical safety for all students.

Students are supervised before and after school by certificated, classified and/or administrative staff. K - 5 students are supervised by classified staff at lunch; secondary students are supervised by certificated, classified and administrative staff during their lunch. There are two security support staff at the high school. At each school, there is a designated area for student drop off and pick up. Visitors are required to check in at the front office at each site.

## School Facilities

San Lorenzo Valley Unified High School was originally constructed in 1955 and is comprised of 52 classrooms, 1 gym, 2 multipurpose room/cafeteria, 1 library, 1 staff lounge, 1 computer lab, and 0 playgrounds. Most recent new construction took place 5 years ago when we added BLDGS H & I. The SLV Sports Complex (Turf and Track) was completed in 2006. Cleaning Process: The Assistant Principal works daily with the custodial staff of 5 (4 full-time and 1 part-time) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the district office for review. Maintenance and Repair District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. For the 2009-10 school year the district allocated \$91,000 for deferred maintenance program. This represents .5% of the district's general fund budget. During the 2008-09 school year, the district's governing board did approve deferred maintenance projects for the school, which included roof project and general repairs at sites throughout the district.

The Facility Inspection Tool (FIT) was completed in April, 2009. Please note that all actions have been completed by the district maintenance office.

## Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

|                      | API School Results |       |       | 2009 API Growth Score |

## Federal Intervention Program

SLVUSD receives Title I Targeted Assistance funding. The two elementary schools receive the funding to support intensive literacy programs and support for students. Each site provides intervention and remediation support in and out of the classroom.

## California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, Social Science, Science, for the most recent three-year period, is shown. Summative scores are not available for Math (grades 8-11), Science (available for grades 5 and 8 only), and grade 9 Social Science. For results on course specific tests, please see <http://star.cde.ca.gov>.

## Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools). Results of school and district performance are displayed in the chart.

SLVUSD has committed to reaching the goal of 100% proficiency in ELA and Math by 2011 in our Strategic Plan. This goal reflects our focus on student learning and excellence. We acknowledge that it is through collaboration, a focus on learning and ongoing analysis of assessment data that we will collectively achieve this goal.

| Adequate Yearly Progress (AYP) |                               |             |                               |             |

## Physical Fitness

In the spring of each year, San Lorenzo Valley Unified is required by the state to administer a physical fitness test to all students in grades five, seven, and nine. The physical fitness test measures each student's ability to perform fitness tasks in six major areas: Aerobic Capacity, Body Composition, Trunk Extension Strength, Abdominal Strength, Upper Body Strength, and Flexibility. Students who either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone" (HFZ). During the 2008-09 school year, 85-88% of the school's fifth/seventh/ninth grade students either met or exceeded state fitness standards (average), by scoring in the HFZ in 5 or more areas. This reflects a growth in achievement by 10% overall from the previous year.

### Percentage of Students in Healthy Fitness Zone

## California High School Exit Exam (CAHSEE)

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the Federal No Child Left Behind (NCLB) law. The CAHSEE has an English language-arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement. The first table displays the percent of students achieving at the Proficient or Advanced level for the past three years. The second table displays the percent of students, by group, achieving at each performance level in English language-arts and math separately for the most recent testing period.

## Advanced Placement Classes

San Lorenzo Valley High encourages students to continue their education past high school. San Lorenzo Valley High offers Advanced Placement (AP) courses for those students seeking to qualify for college credit. Juniors and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges. During the 2007-08, 107 students took 205 exams. Of the 205 exams, 147 exams received a score of "3" or better.

## UC/CSU Course Completion

Students at San Lorenzo Valley High are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

### UC/CSU Course Enrollment

|  | Percentage |

\* Duplicated Count (one student can be enrolled in several courses).

## Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, the table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. Note: “\*” means that the student group is not numerically significant.

## Dropout & Graduation Rates

San Lorenzo Valley High believes that effective instruction consists of the continuous building of new concepts upon existing ones and requires regular attendance and participation. In hopes of preventing and reducing dropouts, the following programs are made available to students: FT Independent Studies Program; On-site continuation high school; Pro-active At-Risk Identification and Full-time At-Risk Counselor; Intensive CAHSEE prep for non-passers; 5-day extended learning program (student and teacher-led free tutoring in all subjects); Current Resource Lists of available, for-fee, on and off campus private tutors and learning centers.

### Graduation & Dropout Rates

## Career Technical Education (CTE) Programs

San Lorenzo Valley High career planning program prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Instructors at San Lorenzo Valley High have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. As aligned with the National School Counseling Standards, the Counseling Program focuses on the Career Development domain by guiding students through a comprehensive sequential school-to-career transitions program. Students complete grade-appropriate assessments and review results with their Guidance Counselors.

Students, parents and counselors develop a Personal Learning Plan (PLP) tailored to the student's academic goals and career interests. This plan often includes the Regional Occupation Program, Work Experience, internships, and/or participation in the Watershed Academy. A Job Board also provides work opportunities for students

The San Lorenzo Valley High School teachers have aligned curriculum to state standards and Expected School wide Learning Results (ESLRs). Through a capstone project, known as the Senior Exit Portfolio, students are prepared to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Students receive Senior Exit Portfolio information through their Advisory Period and select a mentor to assist them in the completion of the project.

## College Entrance Info

California high school students have two options for attending public universities in the State: Universities of California (UC), or California State Universities (CSU). There are eight UC campuses statewide, and 28 CSU schools. A college preparatory high school program includes a minimum of the following courses, referred to as the "A-G requirements."

- A: Two years of history/social science
- B: Four years of English
- C: Three years of college preparatory mathematics (Four recommended for UC)
- D: Two years of laboratory science (Three recommended for UC)
- E: Two years of a single language other than English (Three recommended for UC)
- F: One year of visual/performing arts
- G: One year of a college preparatory elective in one of the above subjects

All courses must be completed with a grade of "C" or better. The minimum GPA required for admission to a UC is 3.15, and 2.0 for the CSU system. For more information about admissions to UC schools, please visit [www.ucop.edu/pathways](http://www.ucop.edu/pathways).
