

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2004-08
TEACHER INCENTIVE PROGRAM

April 5, 2004

In accordance with Government Code (GC) section 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for the Teacher Incentive Program (TIP). These claiming instructions are issued subsequent to adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (COSM).

On February 27, 2003, the COSM determined that Education Code sections 44395, subdivisions (b) and (c), and 44396, subdivision (c), established costs mandated by the State according to the provisions listed in the P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Any school district as defined in GC section 17519, except for community colleges, which incurs increased costs as a direct result of this mandate is eligible to claim reimbursement of these costs. Charter schools are not eligible claimants.

Filing Deadlines

Initial Claims

Reimbursement claims must be filed within 120 days from the issue date of claiming instructions. Costs incurred for this mandate are reimbursable for the period January 1, 1999, to June 30, 1999, and fiscal years 1999-00 through 2002-03; and must be filed with the SCO and be delivered or postmarked on or before **August 3, 2004**. Costs incurred for fiscal year 2003-04 may be filed on or before **August 3, 2004**, or by **January 15, 2005**, without incurring a late penalty. An estimated claim for the 2004-05 fiscal year may be filed by **August 3, 2004**, or by **January 15, 2005**. Claims filed after the deadline will be reduced by a late penalty of 10%.

In order for a claim to be considered properly filed, it must include specific supporting documentation requested in these claiming instructions. **Claims filed more than one year after the deadline or without the requested supporting documentation will not be accepted.**

The reimbursement periods for the following activities are as follows:

Notification to Teachers (Section IV.A.1.) - January 1, 1999, to June 30, 1999, and July 1, 2000, to July 4, 2000.

Review and Certification (Section IV.B.1.a.) - January 1, 1999, to June 30, 1999, and fiscal year 1999-00 and subsequent fiscal years.

Award Distribution (Section IV.B.2.a.) - January 1, 1999, to June 30, 1999, and fiscal year 1999-00 and subsequent fiscal years.

Minimum Claim Cost

GC section 17564(a) provides that no claim shall be filed pursuant to sections 17551 and 17561, unless such a claim exceeds one thousand dollars (\$1,000), provided that a county superintendent of schools may submit a combined claim on behalf of school districts within their county if the combined claim exceeds \$1,000, even if each of the individual school district's claim does not exceed \$1,000. The county superintendent of schools shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school district. These combined claims may be filed only when the county superintendent of schools is the fiscal agent for the school districts. A combined claim must show the individual claim costs for each eligible school district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a school district provides a written notice of its intent to file a separate claim to the county superintendent of schools, and to the SCO, at least 180 days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify, (or declare), under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of the Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the claim activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a school district pursuant to this chapter is subject to the initiation of an audit by the SCO no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the SCO to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

On-site audits will be conducted by the SCO as deemed necessary. Accordingly, all documentation to support actual costs claimed must be retained for a period of three years after the end of the calendar year in which the reimbursement claim was filed or amended regardless of the year of costs incurred. When no funds are appropriated for initial claims at the time the claim is filed, supporting documents must be retained for three years from the date of initial payment of the claim. Claim documentation shall be made available to the SCO on request.
